"324.043. 1. Except as provided in this section, no disciplinary proceeding against any person or entity licensed, registered, or certified to practice a profession within the division of professional registration shall be initiated unless such action is commenced within three years of the date upon which the licensing, registering, or certifying agency received notice of an alleged violation of an applicable statute or regulation.

2. For the purpose of this section, notice shall be limited to:

4. Disciplinary proceedings based upon repeated negligence shall be exempt from all limitations set forth in this section.

5. Disciplinary proceedings based upon a complaint involving sexual misconduct shall be exempt from all limitations set forth in this section.

6. Any time limitation provided in this section shall be tolled:

or

7. The licensing agency may, in its discretion, toll any time limitation when the accused **applicant**, licensee, registrant, or certificant enters into and participates in a treatment program for chemical dependency or mental impairment.

324.045. 1. Notwithstanding any provision of chapter 536, in any proceeding initiated by the division of professional registration or any board, committee, commission, or office within the division of professional registration to determine the appropriate level of discipline or additional discipline, if any, against a licensee of the board, committee, commission, or office within the division, if the licensee against whom the proceeding has been initiated upon a properly pled writing filed to initiate the contested case and upon proper notice fails to plead or otherwise defend against the proceeding, the board, commission, committee, or office within the division shall enter a default decision against the licensee without further proceedings. (2) The licensee's business address;

(3) Registration type;

(4) Currency of the license, certificate, or registration;

(5) Professional schools attended;

(6) Degrees and certifications, including certification by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule;

(7) To the extent provided to the board after August 28, 2011, discipline by another state or administrative agency;

(8) Limitations on practice placed by a court of competent jurisdiction;

(9) Any final discipline by the board, including the content of the settlement agreement or order issued;

and

(10) Whether a discipline case brought by the board is pending in the administrative hearing commission or any court.

2. All other information pertaining to a licensee or applicant not specifically denominated an open record in subsection 1 of this section is a closed record and confidential.

3. The board shall disclose confidential information without charge or fee upon written request of the licensee or applicant if the information is less than five years old. If the information requested is more than five years old, the board may charge a fee equivalent to the fee specified by regulation.

4. At its discretion, the board may disclose confidential information, without the consent of the licensee or applicant, to a licensee or applicant for a license in order to further a board investigation or to facilitate settlement negotiations with the board, in the course of voluntary exchange of information with another state's licensing authority, pursuant to a court order, or to other administrative or law enforcement agencies acting within the scope of their statutory authority.

5. Information obtained from a federal administrative or law enforcement agency shall be disclosed only after the board has obtained written consent to the disclosure from the federal administrative or law enforcement agency.

6. The board is entitled to the attorney/client privilege and work product privilege to the same extent as any other person.

334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board [at least eighty days before the date set for examination upon blanks] **upon forms** furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five [percent] is required to pass. **Scores from one test administration of the FLEX shall not be combined or averaged with scores from other test administrations to achieve a passing score.** The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation. The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the [liaison committee on medical education] **Liaison Committee on Medical Education (LCME)** and a regional university accrediting body **or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body.** The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia]. Prior to waiving the provisions of this section, the board may require the applicant to achieve a passing score on one of the following:

(1) The American Specialty Board's certifying examination in the physician's field of specialization;

(2) Part II of the FLEX; or

(3) The Federation portion of the State Medical Board's Special Purpose Examination (SPEX)] **and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule.**

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. [Scores from one test administration shall not be combined or averaged with scores from other test administrations to achieve a passing score.] The board shall not be permitted to favor any particular school or system of healing.

4. **If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three year**

period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training.

334.070. 1. Upon due application therefor and upon submission by such person of evidence satisfactory to the board that he **or she** is licensed to practice in this state, and upon the payment of fees required to be paid by this chapter, the board shall issue to [him] **such person** a certificate of registration. The certificate of registration shall contain the name of the person to whom it is issued and his **or her** office address [and residence address], the expiration date, and the date and number of the license to practice.

2. [Every person shall, upon receiving such certificate, cause it to be conspicuously displayed at all times in every office maintained by him in the state. If he maintains more than one office in this state, the board shall without additional fee issue to him duplicate certificates of registration for each office so maintained.] If any registrant shall change the location of his **or her** office during the period for which any certificate of registration has been issued, [he] **the registrant** shall, within fifteen days thereafter, notify the board of such change [and it shall issue to him without additional fee a new registration certificate showing the new location].

334.090. 1. Each applicant for registration under this chapter shall accompany the application for registration with a registration fee to be paid to the [director of revenue] **board**. If the application is filed and the fee paid after the registration renewal date, a delinquent fee shall be paid; but whenever in the opinion of the board the applicant's failure to register is caused by extenuating circumstances including illness of the applicant, as defined by rule and regulation, the delinquent fee may be waived by the board. Whenever any new license is granted to any person under the provisions of this chapter, the board shall, upon application therefor, issue to such licensee a certificate of registration covering a period from the date of the issuance of the license to the next renewal date without the payment of any registration fee.

2. The board shall set the amount of the fees which this chapter authorizes and requires by rules and regulations promulgated pursuant to section 536.021. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering this chapter.

334.099. 1. The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances:

(1) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances;

(2) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section;

(3) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote;

(4) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged;

(5) Written notice of the order for an examination shall be sent to the applicant or licensee by registered mail, addressed to the licensee or applicant at the licensee's or applicant's last known address on file with the

board, or shall be personally served on the applicant or licensee. The order shall state the cause for the examination, how to obtain information about approved facilities, and a time limit for obtaining the examination. The licensee or applicant shall cause a report of the examination to be sent to the board;

(6) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order;

(7) After receiving the report of the examination ordered in subdivision (3) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100; and

(8) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation.

334.100. 1. The board may refuse to issue or renew any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided by chapter 621. As an alternative to a refusal to issue or renew any certificate, registration or authority, the board may, at its discretion, issue a license which is subject to probation, restriction or limitation to an applicant for licensure for any one or any combination of causes stated in subsection 2 of this section. The board's order of probation, limitation or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered as waived.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered the person's certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any profession licensed or regulated pursuant to this chapter, for any offense [an

essential element of which is] **involving** fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Misconduct, fraud, misrepresentation, dishonesty, unethical conduct or unprofessional conduct in the performance of the functions or duties of any profession licensed or regulated by this chapter, including, but not limited to, the following:

(a) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation; willfully and continually overcharging or overtreating patients; or charging for visits to the physician's office which did not occur unless the services were contracted for in advance, or for services which were not rendered or documented in the patient's records;

(b) Attempting, directly or indirectly, by way of intimidation, coercion or deception, to obtain or retain a patient or discourage the use of a second opinion or consultation;

(c) Willfully and continually performing inappropriate or unnecessary treatment, diagnostic tests or medical or surgical services;

(d) Delegating professional responsibilities to a person who is not qualified by training, skill, competency, age, experience or licensure to perform such responsibilities;

(e) Misrepresenting that any disease, ailment or infirmity can be cured by a method, procedure, treatment, medicine or device;

(f) Performing or prescribing medical services which have been declared by board rule to be of no medical or osteopathic value;

(g) Final disciplinary action by any professional medical or osteopathic association or society or licensed hospital or medical staff of such hospital in this or any other state or territory, whether agreed to voluntarily or not, and including, but not limited to, any removal, suspension, limitation, or restriction of the person's license or staff or hospital privileges, failure to renew such privileges or license for cause, or other final disciplinary action, if the action was in any way related to unprofessional conduct, professional incompetence, malpractice or any other violation of any provision of this chapter;

(h) Signing a blank prescription form; or dispensing, prescribing, administering or otherwise distributing any drug, controlled substance or other treatment without sufficient examination **including failing to establish a valid physician-patient relationship pursuant to section 334.108**, or for other than medically accepted therapeutic or experimental or investigative purposes duly authorized by a state or federal agency, or not in the course of professional practice, or not in good faith to relieve pain and suffering, or not to cure an ailment, physical infirmity or disease, except as authorized in section 334.104;

(i) Exercising influence within a physician-patient relationship for purposes of engaging a patient in sexual activity;

The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.

6. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.

7. (6) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under section 536.067 upon a properly pled writing filed to initiate the contested

case under this chapter, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.

536.067. In any contested case:

(1) The agency shall promptly mail a notice of institution of the case to all necessary parties, if any, and to all persons designated by the moving party and to any other persons to whom the agency may determine that notice should be given. The agency or its clerk or secretary shall keep a permanent record of the persons to whom such notice was sent and of the addresses to which sent and the time when sent. Where a contested case would affect the rights, privileges or duties of a large number of persons whose interests are sufficiently similar that they may be considered as a class, notice may in a proper case be given to a reasonable number thereof as representatives of such class. In any case where the name or address of any proper or designated party or person is not known to the agency, and where notice by publication is permitted by law, then notice by publication may be given in accordance with any rule or regulation of the agency or if there is no such rule or regulation, then, in a proper case, the agency may by a special order fix the time and manner of such publication[.];

(2) The notice of institution of the case to be mailed as provided in this section shall state in substance:

(a) The caption and number of the case;

(b) That a writing seeking relief has been filed in such case, the date it was filed, and the name of the party filing the same;

(c) A brief statement of the matter involved in the case unless a copy of the writing accompanies said notice;

(d) Whether an answer to the writing is required, and if so the date when it must be filed;

(e) That a copy of the writing may be obtained from the agency, giving the address to which application for such a copy may be made. This may be omitted if the notice is accompanied by a copy of such writing;

(f) The location in the Code of State Regulations of any rules of the agency regarding discovery or a statement that the agency shall send a copy of such rules on request;

(3) Unless the notice of hearing hereinafter provided for shall have been included in the notice of institution of the case, the agency shall, as promptly as possible after the time and place of hearing have been determined, mail a notice of hearing to the moving party and to all persons and parties to whom a notice of institution of the case was required to be or was mailed, and also to any other persons who may thereafter have become or have been made parties to the proceeding. The notice of hearing shall state:

(a) The caption and number of the case;

(b) The time and place of hearing;

(4) No hearing in a contested case shall be had, except by consent, until a notice of hearing shall have been given substantially as provided in this section, and such notice shall in every case be given a reasonable time before the hearing. Such reasonable time shall be at least ten days except in cases where the public morals, health, safety or interest may make a shorter time reasonable; provided that when a longer time than ten days is prescribed by statute, no time shorter than that so prescribed shall be deemed reasonable;

(5) When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under this section upon a properly pled writing filed to initiate the contested case under this chapter, a default decision shall be entered against the holder of a license, registration, permit, or certificate of authority without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.

536.070. In any contested case:

(1) Oral evidence shall be taken only on oath or affirmation[.];

(2) Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not the subject of the direct

examination, to impeach any witness regardless of which party first called him **or her** to testify, and to rebut the evidence against him[.] **or her**;

(3) A party who does not testify in his **or her** own behalf may be called and examined as if under cross-examination[.];

(4) Each agency shall cause all proceedings in hearings before it to be suitably recorded and preserved. A copy of the transcript of such a proceeding shall be made available to any interested person upon the payment of a fee which shall in no case exceed the reasonable cost of preparation and supply[.];

(5) Records and documents of the agency which are to be considered in the case shall be offered in evidence so as to become a part of the record, the same as any other evidence, but the records and documents may be considered as a part of the record by reference thereto when so offered[.];

(6) Agencies shall take official notice of all matters of which the courts take judicial notice. They may also take official notice of technical or scientific facts, not judicially cognizable, within their competence, if they notify the parties, either during a hearing or in writing before a hearing, or before findings are made after hearing, of the facts of which they propose to take such notice and give the parties reasonable opportunity to contest such facts or otherwise show that it would not be proper for the agency to take such notice of them[.];

(7) Evidence to which an objection is sustained shall, at the request of the party seeking to introduce the same, or at the instance of the agency, nevertheless be heard and preserved in the record, together with any cross-examination with respect thereto and any rebuttal thereof, unless it is wholly irrelevant, repetitious, privileged, or unduly long[.];

(8) Any evidence received without objection which has probative value shall be considered by the agency along with the other evidence in the case. The rules of privilege shall be effective to the same extent that they are now or may hereafter be in civil actions. Irrelevant and unduly repetitious evidence shall be excluded[.];

(9) Copies of writings, documents and records shall be admissible without proof that the originals thereof cannot be produced, if it shall appear by testimony or otherwise that the copy offered is a true copy of the original, but the agency may, nevertheless, if it believes the interests of justice so require, sustain any objection to such evidence which would be sustained were the proffered evidence offered in a civil action in the circuit court, but if it does sustain such an objection, it shall give the party offering such evidence reasonable opportunity and, if necessary, opportunity at a later date, to establish by evidence the facts sought to be proved by the evidence to which such objection is sustained[.];

(10) Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of an act, transaction, occurrence or event, shall be admissible as evidence of the act, transaction, occurrence or event, if it shall appear that it was made in the regular course of any business, and that it was the regular course of such business to make such memorandum or record at the time of such act, transaction, occurrence, or event or within a reasonable time thereafter. All other circumstances of the making of such writing or record, including lack of personal knowledge by the entrant or maker, may be shown to affect the weight of such evidence, but such showing shall not affect its admissibility. The term "business" shall include business, profession, occupation and calling of every kind[.];

(11) The results of statistical examinations or studies, or of audits, compilations of figures, or surveys, involving interviews with many persons, or examination of many records, or of long or complicated accounts, or of a large number of figures, or involving the ascertainment of many related facts, shall be admissible as evidence of such results, if it shall appear that such examination, study, audit, compilation of figures, or survey was made by or under the supervision of a witness, who is present at the hearing, who testifies to the accuracy of such results, and who is subject to cross-examination, and if it shall further appear by evidence adduced that the witness making or under whose supervision such examination, study, audit, compilation of figures, or survey was made was basically qualified to make it. All the circumstances relating to the making of such an examination, study, audit, compilation of figures or survey, including the nature and extent of the qualifications of the maker, may be shown to affect the weight of such evidence but such showing shall not affect its admissibility[.];

(12) Any party or the agency desiring to introduce an affidavit in evidence at a hearing in a contested case may serve on all other parties (including, in a proper case, the agency) copies of such affidavit in the manner hereinafter provided, at any time before the hearing, or at such later time as may be stipulated. Not later than seven days after such service, or at such later time as may be stipulated, any other party (or, in a proper case, the agency) may serve on the party or the agency who served such affidavit an objection to the use of the affidavit or some designated portion or portions thereof on the ground that it is in the form of an affidavit; provided, however, that if such affidavit shall have been served less than eight days before the hearing such objection may be served at any time before the hearing or may be made orally at the hearing. If such objection is so served, the affidavit or the part thereof to which objection was made, may not be used except in ways that would have been permissible in the absence of this subdivision; provided, however, that such objection may be waived by the party or the agency making the same. Failure to serve an objection as aforesaid, based on the ground aforesaid, shall constitute a waiver of all objections to the introduction of such

affidavit, or of the parts thereof with respect to which no such objection was so served, on the ground that it is in the form of an affidavit, or that it constitutes or contains hearsay evidence, or that it is not, or contains matters which are not, the best evidence, but any and all other objections may be made at the hearing. Nothing herein contained shall prevent the cross-examination of the affiant if he **or she** is present in obedience to a subpoena or otherwise and if he **or she** is present, he **or she** may be called for cross-examination during the case of the party who introduced the affidavit in evidence. If the affidavit is admissible in part only it shall be admitted as to such part, without the necessity of preparing a new affidavit. The manner of service of such affidavit and of such objection shall be by delivering or mailing copies thereof to the attorneys of record of the parties being served, if any, otherwise, to such parties, and service shall be deemed complete upon mailing; provided, however, that when the parties are so numerous as to make service of copies of the affidavit on all of them unduly onerous, the agency may make an order specifying on what parties service of copies of such affidavit shall be made, and in that case a copy of such affidavit shall be filed with the agency and kept available for inspection and copying. Nothing in this subdivision shall prevent any use of affidavits that would be proper in the absence of this subdivision.

621.045. 1. The administrative hearing commission shall conduct hearings and make findings of fact and conclusions of law in those cases when, under the law, a license issued by any of the following agencies may be revoked or suspended or when the licensee may be placed on probation or when an agency refuses to permit an applicant to be examined upon his **or her** qualifications or refuses to issue or renew a license of an applicant who has passed an examination for licensure or who possesses the qualifications for licensure without examination:

2. If in the future there are created by law any new or additional administrative agencies which have the power to issue, revoke, suspend, or place on probation any license, then those agencies are under the provisions of this law.

3. The administrative hearing commission is authorized to conduct hearings and make findings of fact and conclusions of law in those cases brought by the Missouri state board for architects, professional engineers, professional land surveyors and landscape architects against unlicensed persons under section 327.076.

4. Notwithstanding any other provision of this section to the contrary, after August 28, 1995, in order to encourage settlement of disputes between any agency described in subsection 1 or 2 of this section and its licensees, any such agency shall:

(1) Provide the licensee with a written description of the specific conduct for which discipline is sought and a citation to the law and rules allegedly violated, together with copies of any documents which are the basis thereof and the agency's initial settlement offer, or file a contested case against the licensee;

(2) If no contested case has been filed against the licensee, allow the licensee at least sixty days, from the date of mailing, to consider the agency's initial settlement offer and to contact the agency to discuss the terms of such settlement offer;

(3) If no contested case has been filed against the licensee, advise the licensee that the licensee may, either at the time the settlement agreement is signed by all parties, or within fifteen days thereafter, submit the agreement to the

administrative hearing commission for determination that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee; and

(4) In any contact under this subsection by the agency or its counsel with a licensee who is not represented by counsel, advise the licensee that the licensee has the right to consult an attorney at the licensee's own expense.

5. If the licensee desires review by the administrative hearing commission under subdivision (3) of subsection 4 of this section at any time prior to the settlement becoming final, the licensee may rescind and withdraw from the settlement and any admissions of fact or law in the agreement shall be deemed withdrawn and not admissible for any purposes under the law against the licensee. Any settlement submitted to the administrative hearing commission shall not be effective and final unless and until findings of fact and conclusions of law are entered by the administrative hearing commission that the facts agreed to by the parties to the settlement constitute grounds for denying or disciplining the license of the licensee.

6. When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under sections 536.067 and 621.100 upon a properly pled writing filed to initiate the contested case under this chapter or chapter 536, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.

621.100. 1. Upon receipt of a written complaint from an agency named in section 621.045 in a case relating to a holder of a license granted by such agency, or upon receipt of such complaint from the attorney general, the administrative hearing commission shall cause a copy of said complaint to be served upon such licensee in person, **or by leaving a copy of the complaint at the licensee's dwelling house or usual place of abode or last address given to the agency by the licensee with some person residing or present therein over the age of fifteen**, or by certified mail, together with a notice of the place of and the date upon which the hearing on said complaint will be held. If service cannot be accomplished [in person or by certified mail] **as described in this section**, notice by publication as described in subsection 3 of section 506.160 shall be allowed; any commissioner is authorized to act as a court or judge would in that section, and any employee of the commission is authorized to act as a clerk would in that section. In any case initiated upon complaint of the attorney general, the agency which issued the license shall be given notice of such complaint and the date upon which the hearing will be held by delivery of a copy of such complaint and notice to the office of such agency or by certified mail. Such agency may intervene and may retain the services of legal counsel to represent it in such case.

2. When a holder of a license, registration, permit, or certificate of authority issued by the division of professional registration or a board, commission, or committee of the division of professional registration against whom an affirmative decision is sought has failed to plead or otherwise respond in the contested case and adequate notice has been given under this section and section 536.067 upon a properly pled writing filed to initiate the contested case under this chapter or chapter 536, a default decision shall be entered against the licensee without further proceedings. The default decision shall grant such relief as requested by the division of professional registration, board, committee, commission, or office in the writing initiating the contested case as allowed by law. Upon motion stating facts constituting a meritorious defense and for good cause shown, a default decision may be set aside. The motion shall be made within a reasonable time, not to exceed thirty days after entry of the default decision. "Good cause" includes a mistake or conduct that is not intentionally or recklessly designed to impede the administrative process.

3. In any case initiated under this section, the custodian of the records of an agency may prepare a sworn affidavit stating truthfully pertinent information regarding the license status of the licensee charged in the complaint, including only: the name of the licensee; his or her license number; its designated date of expiration; the date of his or her original Missouri licensure; the particular profession, practice or privilege licensed; and the status of his or her license as current and active or otherwise. This affidavit shall be received as substantial and competent evidence of the facts stated therein notwithstanding any objection as to the form, manner of presentment or admissibility of this evidence, and shall create a rebuttable presumption of the veracity of the statements therein; provided, however, that the procedures specified in section 536.070 shall apply to the introduction of this affidavit in any case where the status of this license constitutes a material issue of fact in the proof of the cause charged in the complaint.

621.110. Upon a finding in any cause charged by the complaint for which the license may be suspended or revoked as provided in the statutes and regulations relating to the profession or vocation of the licensee **and within one hundred twenty days of the date the case became ready for decision**, the commission shall deliver or transmit by mail to the agency which issued the license the record and a transcript of the proceedings before the commission together with the commission's findings of fact and conclusions of law. The commission may make recommendations as to appropriate disciplinary action but any such recommendations shall not be binding upon the agency. A copy of the findings of fact, conclusions of law and the commission's recommendations, if any, shall be delivered or transmitted by mail to the licensee if the licensee's whereabouts are known, and to any attorney who represented the licensee. Within thirty days after receipt of the record of the proceedings before the commission and the findings of fact, conclusions of law, and recommendations, if any, of the commission, the agency shall set the matter for hearing upon the issue of appropriate disciplinary action and shall notify the licensee of the time and place of the hearing, provided that such hearing may be waived by consent of the agency and licensee where the commission has made recommendations as to appropriate disciplinary action. In case of such waiver by the agency and licensee, the recommendations of the commission shall become the order of the agency. The licensee may appear at said hearing and be represented by counsel. The agency may receive evidence relevant to said issue from the licensee or any other source. After such hearing the agency may order any disciplinary measure it deems appropriate and which is authorized by law. In any case where the commission fails to find any cause charged by the complaint for which the license may be suspended or revoked, the commission shall dismiss the complaint, and so notify all parties."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

- (5) "Project" includes any bridge, street, road, highway, access road, interchange, intersection, signing, signalization, parking lot, bus stop, station, garage, terminal, hangar, shelter, rest area, dock, wharf, lake or river port, airport, railroad, light rail, or other mass transit and any similar or related improvement or infrastructure.

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 238.200 to 238.275, the following terms shall have the meanings given:

(3) "Registered voters", persons qualified and registered to vote pursuant to chapter 115."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 506, Page 12, Section 137.073, Line 380, by inserting after all of said line the following:

"137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the contrary, a building or other structure classified as residential property pursuant to section 137.016 newly constructed and occupied on any parcel of real property shall be assessed and taxed on such assessed valuation as of the first day of the month following the date of occupancy for the proportionate part of the remaining year at the tax rates established for that year, in all taxing jurisdictions located in the county adopting this section as provided in subsection 8 of this section. Newly constructed residential property which has never been occupied shall not be assessed as improved real property until such occupancy or the first day of January of the [second] **fourth** year following the year in which construction of the improvements was completed. **The provisions of this subsection shall apply in those counties including any city not within a county in which the governing body has previously adopted or hereafter adopts the provisions of this subsection.**

2. The assessor may consider a property residentially occupied upon personal verification or when any two of the following conditions have been met:

- (1) An occupancy permit has been issued for the property;
- (2) A deed transferring ownership from one party to another has been filed with the recorder of deeds' office subsequent to the date of the first permanent utility service;
- (3) A utility company providing service in the county has verified a transfer of service for property from one party to another;
- (4) The person or persons occupying the newly constructed property has registered a change of address with any local, state or federal governmental office or agency.

3. In implementing the provisions of this section, the assessor may use occupancy permits, building permits, warranty deeds, utility connection documents, including telephone connections, or other official documents as may be necessary to discover the existence of newly constructed properties. No utility company shall refuse to provide verification monthly to the assessor of a utility connection to a newly occupied single family building or structure.

4. In the event that the assessment under subsections 1 and 2 of this section is not completed until after the deadline for filing appeals in a given tax year, the owner of the newly constructed property who is aggrieved by the assessment of the property may appeal this assessment the following year to the county board of equalization in accordance with chapter 138 and may pay any taxes under protest in accordance with section 139.031; provided however, that such payment under protest shall not be required as a condition of appealing to the county board of equalization. The collector shall impound such protested taxes and shall not disburse such taxes until resolution of the appeal.

5. The increase in assessed valuation resulting from the implementation of the provisions of this section shall be considered new construction and improvements under the provisions of this chapter.

6. In counties which adopt the provisions of subsections 1 to 7 of this section, an amount not to exceed ten percent of all ad valorem property tax collections on newly constructed and occupied residential property allocable to each taxing authority within counties of the first classification having a population of nine hundred thousand or more, one-tenth of one percent of all ad valorem property tax collections allocable to each taxing authority within all other counties of the first classification and one-fifth of one percent of all ad valorem property tax collections allocable to each taxing authority within counties of the second, third and fourth classifications and any county of the first classification having a population of at least eighty- two thousand inhabitants, but less than eighty-two thousand one hundred

inhabitants, in addition to the amount prescribed by section 137.720 shall be deposited into the assessment fund of the county for collection costs.

7. For purposes of figuring the tax due on such newly constructed residential property, the assessor or the board of equalization shall place the full amount of the assessed valuation on the tax book upon the first day of the month following occupancy. Such assessed valuation shall be taxed for each month of the year following such date at its new assessed valuation, and for each month of the year preceding such date at its previous valuation. The percentage derived from dividing the number of months at which the property is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the new construction and improvements, and such product shall be included in the next year's base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage shall be considered as new construction and improvements in the following year and shall be exempt from the rollback provisions.

8. Subsections 1 to 7 of this section shall be effective in those counties including any city not within a county in which the governing body of such county elects to adopt a proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections shall become effective in such county on the first day of January of the year following such election.

9. In any county which adopts the provisions of subsections 1 to 7 of this section prior to the first day of June in any year pursuant to subsection 8 of this section, the assessor of such county shall, upon application of the property owner, remove on a pro rata basis from the tax book for the current year any residential real property improvements destroyed by a natural disaster if such property is unoccupied and uninhabitable due to such destruction. On or after the first day of July, the board of equalization shall perform such duties. Any person claiming such destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall have available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall, in addition to any other penalties provided by law, be assessed double the value of any property fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the list to the county collector and the board of equalization, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep them. If the assessor, subsequent to such destruction, considers such property occupied as provided in subsection 2 of this section, the assessor shall consider such property new construction and improvements and shall assess such property accordingly as provided in subsection 1 of this section. For the purposes of this section, the term "natural disaster" means any disaster due to natural causes such as tornado, fire, flood, or earthquake.

10. Any political subdivision may recover the loss of revenue caused by subsection 9 of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS HCS HB 412**, entitled:

An act to repeal sections 338.055 and 338.330, RSMo, and to enact in lieu thereof two new sections relating to the authority of the board of pharmacy, with an emergency clause for a certain section.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 412, Page 1, Section A, Line 3, by inserting immediately after said line the following:

"338.010. 1. The "practice of pharmacy" means the interpretation, implementation, and evaluation of medical prescription orders, including **any legend drugs under 21 U.S.C. Section 353**; receipt, transmission, or handling of such orders or facilitating the dispensing of such orders; the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by the prescription order so long as the prescription order is specific to each patient for care by a pharmacist; the compounding, dispensing, labeling, and administration of drugs and devices pursuant to medical prescription orders and administration of viral influenza, pneumonia, shingles and meningitis vaccines by written protocol authorized by a physician for persons twelve years of age or older as authorized by rule or the administration of pneumonia, shingles, and meningitis vaccines by written protocol authorized by a physician for a specific patient as authorized by rule; the participation in drug selection according to state law and participation in drug utilization reviews; the proper and safe storage of drugs and devices and the maintenance of proper records thereof; consultation with patients and other health care practitioners, **and veterinarians and their clients about legend drugs**, about the safe and effective use of drugs and devices; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management and control of a pharmacy. No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his **or her** duties. This assistance in no way is intended to relieve the pharmacist from his **or her** responsibilities for compliance with this chapter and he **or she** will be responsible for the actions of the auxiliary personnel acting in his **or her** assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, **or** podiatry, or veterinary medicine **only for use in animals**, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, **administering, prescribing**, or dispensing of his **or her** own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

5. No health carrier as defined in chapter 376 shall require any physician with which they contract to enter into a written protocol with a pharmacist for medication therapeutic services.

6. This section shall not be construed to allow a pharmacist to diagnose or independently prescribe pharmaceuticals.

7. The state board of registration for the healing arts, under section 334.125, and the state board of pharmacy, under section 338.140, shall jointly promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order."; and

Further amend said bill, Page 4, Section 338.055, Line 115, by inserting immediately after said line the following:

"338.140. 1. The board of pharmacy shall have a common seal, and shall have power to adopt such rules and bylaws not inconsistent with law as may be necessary for the regulation of its proceedings and for the discharge of the duties imposed pursuant to sections 338.010 to 338.198, and shall have power to employ an attorney to conduct prosecutions or to assist in the conduct of prosecutions pursuant to sections 338.010 to 338.198.

2. The board shall keep a record of its proceedings.

3. The board of pharmacy shall make annually to the governor and, upon written request, to persons licensed pursuant to the provisions of this chapter a written report of its proceedings.

4. The board of pharmacy shall appoint an advisory committee composed of [five] **six** members, one of whom shall be a representative of pharmacy but who shall not be a member of the pharmacy board, three of whom shall be representatives of wholesale drug distributors as defined in section 338.330, [and] one of whom shall be a representative of drug manufacturers, **and one of whom shall be a licensed veterinarian recommended to the board of pharmacy by the board of veterinary medicine.** The committee shall review and make recommendations to the board on the merit of all rules and regulations dealing with pharmacy distributors, wholesale drug distributors [and], drug manufacturers, **and veterinary legend drugs** which are proposed by the board.

5. A majority of the board shall constitute a quorum for the transaction of business.

6. Notwithstanding any other provisions of law to the contrary, the board may issue letters of reprimand, censure or warning to any holder of a license or registration required pursuant to this chapter for any violations that could result in disciplinary action as defined in section 338.055.

338.150. HOUSE RESOLUTIONS

HR 3196, (5-12-11) - McGhee

JOURNAL OF THE HOUSE

First Regular Session, 96th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, FRIDAY, MAY 13, 2011

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let us come before His presence with thanksgiving. (Psalm 95:2)

Let Your presence be revealed to us, our Father, as in this quiet moment of prayer we wait upon You.

Strengthen us by Your spirit that no trouble may overcome us, no difficulty may overwhelm us, and no duty may overtax us, but may we now and always be equal to every experience, ready for every responsibility, and adequate for every activity. Help us to be more positive in our thinking, to look increasingly on the bright side of life, to be awake to the good everywhere present, and to be ever grateful for Your gifts to us and for the love which surrounds us all our lives.

On this last day of session, help us to live our faith, to rejoice in Your presence, to maintain an attitude of good will toward all Your children, to learn to forget ourselves, and serve our state and our people faithfully and well. Take Your rightful place in our hearts - for in You alone is peace and joy and life. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Margaux Harris.

The Journal of the seventy-first day was approved as corrected.

SPECIAL RECOGNITION

“32.420. 1. Notwithstanding any other provision of law to the contrary, all state agencies may refer to the department for collection debts owed to them. The department may provide collection services on debts referred to the department by a state agency. This authority shall not supersede the authority granted to the attorney general pursuant to section 27.060 or any other statute.

2. A referring agency may refer the debt to the department for collection at any time after a debt becomes delinquent and uncontested and the debtor has no further administrative appeal of the amount of the debt. Methods and procedures for referral must follow internal guidelines prepared by the department.

3. The collection procedures and remedies under this chapter are in addition to any other procedure or remedy available by law. If the state agency's applicable state or federal law requires the use of a particular remedy or procedure for the collection of a debt, that particular remedy or procedure governs the collection of that debt to the extent the procedure or remedy is inconsistent with this chapter.

4. The state agency shall send notice to the debtor by United States regular mail at the debtor's last known address at least twenty days before the debt is referred to the department. The notice shall state the nature and amount of the debt, identify to whom the debt is owed, and inform the debtor of the remedies available under this chapter or the state agency's own procedures.

32.430. 1. The department may establish policies and procedures to use the collection remedy afforded under section 143.902 in filing a lien with the county recorder of deeds and the filing of a certificate of lien with the circuit court. The department may also use collection remedies afforded under any chapter for collection of any state debt referred to the department. Debtors shall have all rights afforded under sections 32.410 to 32.470 to notice and to challenge the department's collection. The department shall not have authority to prosecute or defend civil actions on behalf of any other state agency, except as necessary to defend any challenges made to actions pursuant to section 143.902 or 143.910 for a debt refereed by a state agency or to prosecute an action pursuant to subsection 10 of section 104.910.

2. Venue for any suit filed in aid of collection of a state debt referred to the department shall be in Cole County. If a judgment or a lien was filed with a circuit clerk prior to the date the debt was referred to the department, the venue shall be the county in which the judgment or lien was filed.

3. The department is authorized to employ department staff and attorneys, and at the department's discretion, the attorney general and prosecuting attorneys and private collection agencies as authorized in sections 136.150 and 140.850 in seeking collection of debts referred to the department by a state agency.

32.440. 1. The department shall add to the amount of debt referred to the department by a state agency the cost of collection which shall be ten percent of the total debt referred by the state agency. The department shall have the same authority to collect the cost of collection as the department has in collecting the debt referred by the state agency.

2. The cost of collection shall only be waived when:

(1) Within thirty days after the initial notice to the debtor by the department, the debtor establishes to the department reasonable cause for the failure to pay the debt prior to referral of the debt to the department, enters into an agreement satisfactory to the department to pay the debt in full, and fully abides by the terms of that agreement;

(2) A good faith dispute as to the legitimacy or the amount of the debt exists, and payment is remitted or an agreement satisfactory to the department to pay the debt in full is entered into within thirty days after resolution of the dispute, and the debtor fully abides by the terms of that agreement; or

(3) Collection costs have been added by the state agency and are included in the amount of the referred debt.

3. If the department collects an amount less than the total due, the payment shall be applied proportionally to collection costs and the underlying debt unless the department has waived this requirement for certain categories of debt under the department's internal guidelines. Collection costs collected by the department under this section shall be deposited in the general revenue fund.

32.450. The department may compromise state debt referred to the department in accordance with section 32.378.

32.460. 1. The department and the referring state agency shall follow all federal and state laws regarding the confidentiality of information and records regarding the debtor including the disclosure of the debtor's Social Security number, which state agencies, including the judiciary, are authorized to provide to the department in assistance of collection of the state debt referred. Each specific state agency's confidentiality laws shall apply to the employees of the state agency and to the department.

2. The department and the referring state agency are authorized to exchange such information as is necessary for the successful collection of the state debt referred in accordance with section 610.032. The judiciary is hereby authorized to exchange such information with the department as is necessary for the successful collection of the state debt referred.”; and

Further amend said bill, Pages 18-19, Sections 105.716, by deleting all of said section and inserting in lieu thereof the following:

“105.716. 1. Any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by the attorney general; provided, that in the case of any claim against the department of conservation, the department of transportation or a public institution which awards baccalaureate degrees, or any officer or employee of such department or such institution, any investigation, defense, negotiation, or compromise of any claim covered by sections 105.711 to 105.726 shall be conducted by legal counsel provided by the respective entity against which the claim is made or which employs the person against whom the claim is made.

In the case of any payment from the state legal expense fund based upon a claim or judgment against the department of conservation, the department of transportation or any officer or employee thereof, the department so affected shall immediately transfer to the state legal expense fund from the department funds a sum equal to the amount expended from the state legal expense fund on its behalf.

2. All persons and entities protected by the state legal expense fund shall cooperate with the attorneys conducting any investigation and preparing any defense under the provisions of sections 105.711 to 105.726 by assisting such attorneys in all respects, including the making of settlements, the securing and giving of evidence, and the attending and obtaining witness to attend hearings and trials. Funds in the state legal expense fund shall not be used to pay claims and judgments against those persons and entities who do not cooperate as required by this subsection.

3. The provisions of sections 105.711 to 105.726 notwithstanding, the attorney general may investigate, defend, negotiate, or compromise any claim covered by sections 105.711 to 105.726 against any public institution which awards baccalaureate degrees whose governing body has declared a state of financial exigency.

4. Notwithstanding the provisions of subsection 2 of section 105.711, funds in the state legal expense fund may be expended prior to the payment of any claim or any final judgment to pay costs of defense, including reasonable attorney's fees for retention of legal counsel, when the attorney general determines that a conflict exists or particular expertise is required, and also to pay for related legal expenses including medical examination fees, expert witness fees, court reporter expenses, travel costs and ancillary legal expenses incurred prior to the payment of a claim or any final judgment.

5. Notwithstanding any other provision of law to the contrary, no funds shall be expended from the state legal expense fund for settlement of any liability claim except upon the production of a no tax due statement from the department of revenue by the party making claim or having judgment under section 105.711, which shall be satisfied from such fund. Payments of no less than ten thousand dollars from the fund for property damage claims shall not require a no tax due statement from the department. If the party is found by the director of revenue to owe a delinquent tax debt to the state of Missouri under the revenue laws of this state, any funds to be paid to the party from the state legal expense fund shall be offset to satisfy such tax debt before payment is made to the party making claim or having judgment.”; and

Further amend said bill, Pages 40-41, Section 144.083, by striking all of said sections from the bill and inserting in lieu thereof the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections

143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill, Pages 46 through 49, Section 168.071, by deleting all of said section and inserting in lieu thereof the following:

“168.071. 1. The state board of education may refuse to issue or renew a certificate, or may, upon hearing, discipline the holder of a certificate of license to teach for the following causes:

(1) A certificate holder or applicant for a certificate has pleaded to or been found guilty of a felony or crime involving moral turpitude under the laws of this state, any other state, of the United States, or any other country, whether or not sentence is imposed;

(2) The certification was obtained through use of fraud, deception, misrepresentation or bribery;

(3) There is evidence of incompetence, immorality, or neglect of duty by the certificate holder;

(4) A certificate holder has been subject to disciplinary action relating to certification issued by another state, territory, federal agency, or country upon grounds for which discipline is authorized in this section; [or]

(5) If charges are filed by the local board of education, based upon the annulling of a written contract with the local board of education, for reasons other than election to the general assembly, without the consent of the majority of the members of the board that is a party to the contract; or

(6) **Beginning January 1, 2012, the government entity issuing a valid certificate of license to teach in Missouri under section 168.011 shall at least one time each year provide the name and Social Security number of each certificate holder or applicant for certificate of a license to teach in Missouri to the director of revenue. The director of revenue shall at least one time each year check the status of each certificate holder or applicant for certificate of a license to teach in Missouri against a database developed by the director to determine if all state income tax returns have been filed and all state income taxes owed have been paid. If such certificate holder or applicant for certificate of a license to teach in Missouri is delinquent on any state taxes, or has failed to file state income tax returns in the last three years, the director shall then send notice to the certificate holder or applicant for certificate of a license to teach in Missouri and the department of elementary and secondary education. In the case of such delinquency or failure to file, the certificate holder's license shall be suspended within ninety days after notice of such delinquency or failure to file, and the applicant for certificate's license shall not be issued unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have**

been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the government entity issuing the certificate of license to teach that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the certificate holder or applicant for certificate that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.

2. A public school district may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, including annulment of a written contract. Charges shall be in writing, specify the basis for the charges, and be signed by the chief administrative officer of the district, or by the president of the board of education as authorized by a majority of the board of education. The board of education may also petition the office of the attorney general to file charges on behalf of the school district for any cause other than annulment of contract, with acceptance of the petition at the discretion of the attorney general.

3. The department of elementary and secondary education may file charges seeking the discipline of a holder of a certificate of license to teach based upon any cause or combination of causes outlined in subsection 1 of this section, other than annulment of contract. Charges shall be in writing, specify the basis for the charges, and be signed by legal counsel representing the department of elementary and secondary education.

4. If the underlying conduct or actions which are the basis for charges filed pursuant to this section are also the subject of a pending criminal charge against the person holding such certificate, the certificate holder may request, in writing, a delayed hearing on advice of counsel under the fifth amendment of the Constitution of the United States. Based upon such a request, no hearing shall be held until after a trial has been completed on this criminal charge.

5. The certificate holder shall be given not less than thirty days' notice of any hearing held pursuant to this section.

6. Other provisions of this section notwithstanding, the certificate of license to teach shall be revoked or, in the case of an applicant, a certificate shall not be issued, if the certificate holder or applicant has pleaded guilty to or been found guilty of any of the following offenses established pursuant to Missouri law or offenses of a similar nature established under the laws of any other state or of the United States, or any other country, whether or not the sentence is imposed:

- (1) Any dangerous felony as defined in section 556.061 or murder in the first degree;
- (2) Any of the following sexual offenses: rape; statutory rape in the first degree; statutory rape in the second degree; sexual assault; forcible sodomy; statutory sodomy in the first degree; statutory sodomy in the second degree; child molestation in the first degree; child molestation in the second degree; deviate sexual assault; sexual misconduct involving a child; sexual misconduct in the first degree; sexual abuse; enticement of a child; or attempting to entice a child;

- (4) Any of the following offenses involving child pornography and related offenses: promoting obscenity in the first degree; promoting obscenity in the second degree when the penalty is enhanced to a class D felony; promoting child pornography in the first degree; promoting child pornography in the second degree; possession of child pornography in the first degree; possession of child pornography in the second degree; furnishing child pornography to a minor; furnishing pornographic materials to minors; or coercing acceptance of obscene material.

7. When a certificate holder pleads guilty or is found guilty of any offense that would authorize the state board of education to seek discipline against that holder's certificate of license to teach, the local board of education or the department of elementary and secondary education shall immediately provide written notice to the state board of education and the attorney general regarding the plea of guilty or finding of guilty.

8. The certificate holder whose certificate was revoked pursuant to subsection 6 of this section may appeal such revocation to the state board of education. Notice of this appeal must be received by the commissioner of education within ninety days of notice of revocation pursuant to this subsection. Failure of the certificate holder to notify the commissioner of the intent to appeal waives all rights to appeal the revocation. Upon notice of the certificate holder's intent to appeal, an appeal hearing shall be held by a hearing officer designated by the commissioner of education, with the final decision made by the state board of education, based upon the record of that hearing. The certificate holder shall be given not less than thirty days' notice of the hearing, and an opportunity to be heard by the hearing officer, together with witnesses.

9. In the case of any certificate holder who has surrendered or failed to renew his or her certificate of license to teach, the state board of education may refuse to issue or renew, or may suspend or revoke, such certificate for any of the reasons contained in this section.

10. In those cases where the charges filed pursuant to this section are based upon an allegation of misconduct involving a minor child, the hearing officer may accept into the record the sworn testimony of the minor child relating to the misconduct received in any court or administrative hearing.

11. Hearings, appeals or other matters involving certificate holders, licensees or applicants pursuant to this section may be informally resolved by consent agreement or agreed settlement or voluntary surrender of the certificate of license pursuant to the rules promulgated by the state board of education.

12. The final decision of the state board of education is subject to judicial review pursuant to sections 536.100 to 536.140.

13. A certificate of license to teach to an individual who has been convicted of a felony or crime involving moral turpitude, whether or not sentence is imposed, shall be issued only upon motion of the state board of education adopted by a unanimous affirmative vote of those members present and voting.”; and

Further amend said bill, Pages 51 and 52, Section 215.020, by deleting all of said section and inserting in lieu thereof the following:

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal

income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.

6. Notwithstanding any provision of law to the contrary, no new projects shall be approved under the development tax credit program created pursuant to sections 32.100 to 32.125 after August 28, 2011. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to issue tax credits for any project approved prior to August 28, 2011, or the ability of any taxpayer to redeem any such tax credits.”; and

The department shall verify that the applicant has submitted a valid application in the form and format required by the department. The department shall verify that the municipal authority held the requisite hearings and gave the requisite notices for such hearings in accordance with the applicable economic incentive act, and municipal ordinances. On an annual basis, an applicant may file for the tax credit for the acquisition costs, and for the tax credit for the interest costs, subject to the limitations of this section. If an applicant applying for the tax credit meets the criteria required under this section, the department shall issue a certificate in the appropriate amount. If an applicant receives a tax credit for maintenance costs as a part of the applicant's acquisition costs, the department shall post on its Internet website the amount and type of maintenance costs and a description of the redevelopment project for which the applicant received a tax credit within thirty days after the department issues the certificate to the applicant.

7. The total aggregate amount of tax credits authorized under this section shall not exceed [ninety-five] **ninety** million dollars. [At no time shall] **For all years ending on or before December 31, 2011, the annual amount of the tax credits issued under this section shall not exceed twenty million dollars. For all years beginning on or after January 1, 2012, the annual amount of the tax credits issued under this section shall not exceed fifteen million dollars.** If the tax credits that are to be issued under this section exceed, in any year, the [twenty million dollar] **applicable annual dollar** limitation, the department shall either:

(1) Issue tax credits to the applicant in the amount of [twenty million dollars,] **the applicable annual dollar limitation**, if there is only one applicant entitled to receive tax credits in that year; or

(2) Issue the tax credits on a pro rata basis to all applicants entitled to receive tax credits in that year. Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the [twenty million dollar] **the applicable annual dollar** limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years. No tax credits provided under this section shall be authorized after August 28, 2013. Any tax credits which have been authorized on or before August 28, 2013, but not issued, may be issued, subject to the limitations provided under this subsection, until all such authorized tax credits have been issued.

8. Upon issuance of any tax credits pursuant to this section, the department shall report to the municipal authority the applicant's name and address, the parcel numbers of the eligible parcels for which the tax credits were issued, the itemized acquisition costs and interest costs for which tax credits were issued, and the total value of the tax credits issued. The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include the tax credits in any sources and uses and cost benefit analysis reviewed or created for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830.

9. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held

unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.”; and

Further amend said bill, Section 105.716, Page 19, Line 40, by inserting the following after all of said line:

“135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) "Claimant", a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the armed forces of the United States or this state who became one hundred percent disabled as a result of such service, or the claimant or spouse is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require, or if the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed. A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) "Disabled", the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) ["Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4)] "Homestead", the dwelling in Missouri owned [or rented] by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

[(5)] (4) "Income", Missouri adjusted gross income as defined in section 143.121 less two thousand dollars, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less four thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

[(6)] (5) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part[;]

(7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a claimant and spouse in the calendar year[.]; and

Further amend said bill, Sections 135.025, 135.030, 135.352, 135.484, 135.630, and 135.647, Pages 19-26, by striking all of said sections from the bill and inserting in lieu thereof the following:

"135.025. 1. The property taxes accrued [and rent constituting property taxes accrued] on each return shall be totaled. This total, up to [seven hundred fifty dollars in rent constituting property taxes actually paid or] eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit. The director of revenue shall prescribe regulations providing for allocations where part of a claimant's homestead is rented to another or used for nondwelling purposes or where a homestead is owned [or rented] or used as a dwelling for part of a year.

2. (1) **The director of the department of revenue shall calculate the amount of property tax credit that was attributable to renters in fiscal year 2011. Beginning with the budget request for fiscal year 2013, the director shall annually request that amount be transferred from the general revenue fund to the Missouri senior services protection fund. The money in such fund shall be appropriated for the Missouri Rx plan under section 208.782, services for seniors through the area agencies on aging, and other programs for low-income seniors.**

(2) **There is hereby created in the state treasury the "Missouri Senior Services Protection Fund", which shall consist of all gifts, donations, transfers, moneys appropriated to the fund by the general assembly, and bequests to the fund. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the purposes provided in this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

If the income on the return is:	The percent is:

The property tax shall be in increments of twenty-five dollars and the income in increments of three hundred dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term "accumulative" means an increase by continuous or repeated application of the percent to the income increment at each three hundred dollar level.

3. Notwithstanding subsection 4 of section 32.057, the department of revenue or any duly authorized employee or agent shall determine whether any taxpayer filing a report or return with the department of revenue who has not applied for the credit allowed pursuant to section 135.020 may qualify for the credit, and shall notify any qualified claimant of the claimant's potential eligibility, where the department determines such potential eligibility exists.

(e) At least thirty new jobs are created at the new facility during a period of up to thirty six consecutive months from the date of conditional approval for an exemption under this section if the average wage of the new jobs equals or exceeds one hundred fifty percent of the county average wage; and

(f) A new facility shall continue to be a new facility regardless of a subsequent change in or addition of operating taxpayers or constructing taxpayers;

(11) "New data storage center project" or "new facility project", the construction, extension, improvement, equipping, and operation of a new facility;

(12) "New job" in the case of a new data center project, the total number of full-time employees located at a new data storage center for a period of up to thirty-six consecutive months from the date of conditional approval for an exemption under this section. In the case of an expanding data storage center project, the total number of full-time employees located at the expanding data storage center that exceeds the greater of the number of full-time employees located at the project facility on the date of the submission of a project plan under this section or for the twelve-month period prior to the date of the submission of a project plan, the average number of full-time employees located at the expanding data storage center facility. In the event the expanding data storage center facility has not been in operation for a full twelve-month period at the time of the submission of a project plan, the average number of full-time employees for the number of months the expanding data storage center facility has been in operation prior to the date of the submission of the project plan;

(13) "Operating taxpayer", where more than one taxpayer is responsible for a project, a taxpayer responsible for the equipping and ongoing operations of the facility, as opposed to a taxpayer responsible for the purchasing or construction of the facility;

(14) "Project taxpayers", each constructing taxpayer and each operating taxpayer for a data storage center project;

(15) "Replacement facility", a facility in this state otherwise described in subdivision (7) of this subsection, but which replaces another facility located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating within one year prior to the commencement of commercial operations at the new facility;

(16) "Taxpayer", the purchaser of tangible personal property or a service that is subject to state or local sales or use tax and from whom state or local sales or use tax is owed. Taxpayer shall not mean the seller charged by law with collecting the sales tax from the purchaser.

2. Beginning August 28, 2011, in addition to the exemptions granted under chapter 144, project taxpayers for a new data storage center project shall be entitled, for a project period not to exceed fifteen years from the date of conditional approval under this section and subject to the requirements of subsection 3 of this section, to an exemption of one hundred percent of the state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235, limited to the net fiscal benefit of the state calculated over a ten year period, on:

(1) All electrical energy, gas, water, and other utilities including telecommunication and internet services used in a new data storage center;

(2) All machinery, equipment, and computers used in any new data storage center; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing any new data storage center.

The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development using the Regional Economic Modeling, Inc. dataset or comparable data.

3. Any data storage center project seeking a tax exemption under subsection 2 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and known operating taxpayer for the project and include any additional information the department of economic development may require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 2 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for a new facility. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditionally approved new facility has met the requirements in subsection 1 of this section for a new facility and the execution of the agreement specified in subsection 6 of this section, the project taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the new facility to the department of revenue as being eligible for the

exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, shall issue a refund of taxes paid but eligible for exemption under subsection 2 of this section to each operating taxpayer and each constructing taxpayer and issue a certificate of exemption to each new project taxpayer for ongoing exemptions under subsection 2 of this section.

4. Beginning August 28, 2011, in addition to the exemptions granted under chapter 144, upon approval by the department of economic development, project taxpayers for expanding data center projects may, for a period not to exceed ten years, be specifically exempted from state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235 on:

(1) All electrical energy, gas, water, and other utilities including telecommunication and internet services used in an expanding data storage center which, on an annual basis, exceeds the amount of electrical energy, gas, water, and other utilities including telecommunication and internet services used in the existing facility or the replaced facility prior to the expansion, provided that any substantial renovation, as defined in section 8.800, at an expanding facility shall meet applicable provisions of the International Energy Conservation Code 2009 or most recent version thereof. For purposes of this subdivision only, amount shall be measured in kilowatt hours, gallons, cubic feet, or other measures applicable to a utility service as opposed to in dollars, to account for increases in utility rates;

(2) All machinery, equipment, and computers used in any expanding data storage center, the cost of which, on an annual basis, exceeds the average of the previous three years' expenditures on machinery, equipment, and computers at the existing facility or the replaced facility prior to the expansion. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing, repairing, or remodeling any expanding data storage center.

The amount of any exemption provided under this subsection shall not exceed the projected net fiscal benefit to the state over a period of ten years, as determined by the department of economic development.

5. Any data storage center project seeking a tax exemption under subsection 4 of this section shall submit a project plan to the department of economic development, which shall identify each known constructing taxpayer and each known operating taxpayer for the project and include any additional information the department of economic development may reasonably require to determine eligibility for the exemption. The department of economic development shall review the project plan and determine whether the project is eligible for the exemption under subsection 4 of this section, conditional upon subsequent verification by the department that the project meets the requirements in subsection 1 of this section for an expanding facility project and the execution of the agreement specified in subsection 6 of this section. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditional approved facility has met the requirements in subsection 1 of this section, the project taxpayers shall provide proof of the same to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, shall issue a refund of taxes paid but eligible for exemption under subsection 4 of this section to any applicable project taxpayer and issue a certificate of exemption to any applicable project taxpayer for ongoing exemptions under subsection 4 of this section.

6. (1) The exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

(2) As a condition of receiving an exemption under subsection 2 or 4 of this section, the project taxpayers shall enter into an agreement with the department of economic development providing for repayment penalties in the event the data storage center project fails to comply with any of the requirements of this section.

(3) The department of revenue shall credit any amounts remitted by the project taxpayers under this subsection to the fund to which the sales and use taxes exempted would have otherwise been credited.

7. The department of economic development and the department of revenue shall cooperate in conducting random audits to ensure that the intent of this section is followed.

8. The department of economic development and the department of revenue shall jointly prescribe such rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2011, shall be invalid and void.”; and

Further amend said bill, Sections 196.1109 and 196.1115, Pages 49-51, by striking all of said sections from the bill and inserting in lieu thereof the following:

“196.1109. All moneys that are appropriated by the general assembly from the life sciences research trust fund shall be appropriated to the life sciences research board to increase the capacity for quality of life sciences research at public and private not-for-profit institutions in the state of Missouri and to thereby:

(1) Improve the quantity and quality of life sciences research at public and private not-for-profit institutions, including but not limited to basic research (including the discovery of new knowledge), translational research (including translating knowledge into a usable form), and clinical research (including the literal application of a therapy or intervention to determine its efficacy), including but not limited to health research in human development and aging, cancer, endocrine, cardiovascular, neurological, pulmonary, and infectious disease, and plant sciences, including but not limited to nutrition and food safety; and

(2) Enhance technology transfer and technology commercialization derived from research at public and private not-for-profit institutions within the centers for excellence. For purposes of sections 196.1100 to 196.1130, "technology transfer and technology commercialization" includes stages of the regular business cycle occurring after research and development of a life science technology, including but not limited to reduction to practice, proof of concept, and achieving federal Food and Drug Administration, United States Department of Agriculture, or other regulatory requirements in addition to the definition in section 348.251. Funds received by the board may be used for purposes authorized in sections 196.1100 to 196.1130 and shall be subject to the restrictions of sections 196.1100 to 196.1130, including but not limited to the costs of personnel, supplies, equipment, and renovation or construction of physical facilities; provided that in any single fiscal year no more than [ten] **thirty** percent of the moneys appropriated shall be used for the construction of physical facilities and further provided that in any fiscal year **up to** eighty percent of the moneys shall be appropriated to build research capacity at public and private not-for-profit institutions and **at least** twenty percent **and no more than fifty percent** of the moneys shall be appropriated for grants to public or private not-for-profit institutions to promote life science technology transfer and technology commercialization. Of the moneys appropriated to build research capacity, twenty percent of the moneys shall be appropriated to promote the development of research of tobacco-related illnesses.

196.1115. 1. The moneys appropriated to the life sciences research board that are not distributed by the board in any fiscal year to a center for excellence or a center for excellence endorsed program pursuant to section 196.1112, if any, shall be held in reserve by the board or shall be awarded on the basis of peer review panel recommendations for capacity building initiatives proposed by public and private not-for-profit academic, research, or health care institutions or organizations, or individuals engaged in competitive research in targeted fields consistent with the provisions of sections 196.1100 to 196.1130.

2. The life sciences research board may, in view of the limitations expressed in section 196.1130:

(1) Award and enter into grants or contracts relating to increasing Missouri's research capacity at public or private not-for-profit institutions;

(2) Make provision for peer review panels to recommend and review research projects;

(3) Contract for [administrative and] support services;

(4) Lease or acquire facilities and equipment;

(5) Employ administrative staff; and

(6) Receive, retain, hold, invest, disburse or administer any moneys that it receives from appropriations or from any other source.

3. **The Missouri technology corporation, established under section 348.251, shall serve as the administrative agent for the life sciences research board.**

4. The life sciences research board shall utilize as much of the moneys as reasonably possible for building capacity at public and private not-for-profit institutions to do research rather than for administrative expenses. The board shall not in any fiscal year expend more than two percent of the total moneys appropriated to it and of the moneys that it has in reserve or has received from other sources for its own administrative expenses **for appropriations over twenty million dollars; three percent for appropriations less than twenty million dollars but more than fifteen million dollars; four percent for appropriations less than fifteen million dollars but more than ten million dollars; five percent for appropriations less than ten million dollars;** provided, however, that the general assembly by appropriation from the life sciences research trust fund may authorize a limited amount of additional moneys to be expended for administrative costs.”; and

Further amend said bill, Sections 253.545, 253.550, 253.557, 253.559, 348.250, 348.251, 348.256, Pages 52-66, by striking all of said sections from the bill and inserting in lieu thereof the following:

“253.545. As used in sections 253.545 to 253.559, the following terms mean, unless the context requires otherwise:

(1) "Certified historic structure", a property located in Missouri and listed individually on the National Register of Historic Places;

(3) **"Department", the department of economic development;**

(4) "Eligible property", property located in Missouri and offered or used for residential or business purposes;

[(4)] (5) "Leasehold interest", a lease in an eligible property for a term of not less than thirty years;

[(5)] (6) "Principal", a managing partner, general partner, or president of a taxpayer;

[(6)] (7) "Structure in a certified historic district", a structure located in Missouri which is certified by the department of natural resources as contributing to the historic significance of a certified historic district listed on the National Register of Historic Places, or a local district that has been certified by the United States Department of the Interior;

Certain closing costs may also be added to the basis of property. Such closing costs include commissions paid by the purchaser, legal fees, recording fees, and state transfer taxes on real estate;**

(10) **"Total costs and expenses of rehabilitation", all reasonable costs and expenses related to the rehabilitation of eligible property that is a certified historic structure or a structure in a certified historic district, including but not limited to qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and any related regulations promulgated under such section. Taxpayers may incur qualifying expenses included in the total costs and expenses of rehabilitation at their own risk up to one year before the date of submission of a preliminary application under section 253.559. Such reasonable costs and expenses shall include, but not be limited to, rehabilitation work in progress and accrued developer fees if an agreement or other contractual document provides for payment of such accrued developer fees within twelve years of project completion. If a taxpayer defaults on the payments of the developer fees, the applicant will be liable to the state for the portion of tax credits attributable to the amount of the unpaid developer fees over the twelve year period. In determining the total costs and expenses of rehabilitation the department shall accept such costs and expenses as certified by a licensed certified public accountant that is not an affiliate of the applicant, so long as such cost and expense certification is the same as being used to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, or, if not eligible for federal historic preservation tax credits, then same as would be used if the project were eligible and using such certification to determine qualified rehabilitation expenditures as defined in Section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended; provided that the cost and expense certification will be subject to an audit by the department after the issuance of the tax credits. If there is a final disallowance of more than 10%, the applicant will be subject to a civil penalty equal to 110% of the tax credits attributable to the amount of the cost and expenses in excess of the final disallowance.**

253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or structure in a certified historic district[, may,] **shall**, subject to the provisions of this section

and section 253.559, receive a credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265, on such taxpayer in an amount equal to twenty-five percent of the total costs and expenses of rehabilitation incurred [after January 1, 1998, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder,] provided the rehabilitation costs associated with rehabilitation and the expenses exceed fifty percent of the total basis in the property and the rehabilitation meets standards consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources.

2. During the period beginning on January 1, 2010, but ending on or after June 30, 2010, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed seventy million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. For each fiscal year beginning on or after July 1, 2010, **but ending on or before June 30, 2011**, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed one hundred forty million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of [subsection 3 of] section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

3. For all applications for tax credits approved on or after January 1, 2010, **but before June 30, 2011**, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

5. **For each fiscal year beginning on or after July 1, 2011, the department shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed eighty-five million dollars, increased by any amount of tax credits for which approval shall be rescinded or carried forward under the provisions of section 253.559. The limitations provided under this subsection shall not apply to applications approved under the provisions of section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits or for projects under subsection 7 (1) provided that no more than ten million dollars shall be authorized in any fiscal year for such projects.**

6. For all applications for tax credits approved on or after July 1, 2011, no more than two hundred fifty thousand dollars in tax credits may be issued for the total costs and expenses of rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district. For purposes of this subsection, "eligible property" shall not include any property with a purchase price in excess of four hundred thousand dollars.

7. For each fiscal year beginning on or after July 1, 2011, in addition to applications for tax credits authorized by the department subject to the limitations on tax credit authorization provided under the provisions of subsections 5 and 6 of this section, the department shall also approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 for the following projects which, in the aggregate, shall not exceed the difference between one hundred forty million dollars and the maximum amount of tax credits for which applications may be approved under subsection 5 of this section:

(1) Any preliminary application for tax credits for a project which is authorized to receive federal low-income housing tax credits;

(2) Any preliminary application for tax credits for a project which:

(a) On or before July 1, 2011, has received an approved Part I from the Secretary of the United States Department of the Interior or is a certified historic structure; and

(b) Has had costs and expenses incurred by a taxpayer for an eligible property on or before July 1, 2011, including but not limited to acquisition costs, exceeding the lesser of fifteen percent of the total project costs or three million dollars, and for which such taxpayer's interest, including all rehabilitation work in progress, was acquired by any bank, financial institution, or political subdivision by deed or foreclosure or any subsequent transferee;

(3) Any preliminary application for tax credits for a project which, on or before July 1, 2011, has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **Notwithstanding the foregoing, for all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed under chapters 143 and 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] **to 253.559.** Taxpayers eligible for such tax credits may transfer, sell or assign the credits **to any other taxpayer, including but not limited to a not-for-profit entity.** Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners, **including but not limited to any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department [of economic development]. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each **preliminary** application shall be reviewed by the department [of economic development] for approval. In order to receive approval, [an] **a preliminary** application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated **or actual** project start date, and the estimated project completion date; **and**

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district]; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval].

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department [of economic development] shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department [of economic development] deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the applicant identified in such application shall notify the department of such change within ninety days of such change.**

5. In the event that the department [of economic development] grants approval for tax credits equal to the total amount available under [subsection] **subsections 2 to 7** of section 253.550, or sufficient that when totaled with all other approvals, the amount available under [subsection] **subsections 2 to 7** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department [of economic development] that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department [of economic development] and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation, **if rehabilitation has not previously begun**, within two years of the date of issuance of the letter from the department [of economic development] granting the approval for tax credits. "[Commencement of] **Commence** rehabilitation" shall mean that [as of the date in which] actual physical work, **as** contemplated by the architectural plans submitted with the application, has begun, **and that** the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. **Taxpayers may commence rehabilitation and incur qualifying expenses at their own risk before the property qualifies as a certified historic structure. Upon final review by the department under this section, including the necessary determination of the total costs and expenses of rehabilitation, the taxpayer shall receive tax credits for all qualifying expenses.** If the department [of economic development] determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under [subsection] **subsections 2 to 7** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department [of economic development] and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final [approval] **review** and issuance of tax credits from the department [of economic development] which, in consultation with the department of natural resources, shall determine **(I)** the final amount of [eligible rehabilitation costs and expenses] **the total costs and expenses of rehabilitation based solely on a certification of such total costs and expenses of rehabilitation prepared in a manner prescribed by the department and submitted with the final**

application submitted under this section and (ii) whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, **backfill of areas where contaminated soil excavation occurs**, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality

which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to [6] 5 of section 135.250. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or

(2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership. The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. For each fiscal year beginning on or after July 1, 2011, the total amount of tax credits authorized under the provisions of sections 447.700 to 447.718 shall not exceed forty million dollars. No more than a total of ten million dollars in tax credits authorized under the provisions of sections 447.700 to 447.718 shall be authorized in any fiscal year for projects which receive benefits under the provisions of section 99.1205.

The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any qualified company that in conjunction with their project is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under [subdivision (19) of] section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level

applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this [subdivision] **subsection**. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision [(33)] **(35)** of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) (a) Job retention projects: In lieu of the benefits provided under subdivision (4) of this subsection and in exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this subdivision if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this subdivision.

(b) A qualified company meeting the requirements of this subdivision may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this subdivision, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this subdivision and subdivision (6) of this subsection shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

(c) In order to be eligible to receive benefits under this subdivision, the qualified company shall meet each of the following conditions:

a. The qualified company shall agree to retain, for a period of ten years from the date of approval, at least one hundred and twenty-five retained jobs; and

b. The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount at least three times the amount of the benefits, available under this subdivision, which are offered to the qualified company by the department.

(d) In awarding benefits under this subdivision, the department shall consider the following factors:

a. The significance of the qualified company's need for program benefits;

b. The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

c. The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

d. The financial stability and creditworthiness of the qualified company;

e. The level of economic distress in the area;

f. An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

g. The percent of local incentives committed;

(e) Upon approval of a notice of intent to request benefits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

b. Clawback provisions, as may be required by the department; and

c. Any other provisions the department may require.

(f) In no event shall the total amount of benefits available to all qualified companies under this subdivision exceed:

a. Three million dollars for the fiscal year beginning on or after July 1, 2011, and ending on or before June 30, 2012;

b. Four million dollars for the fiscal year beginning on or after July 1, 2012, and ending on or before June 30, 2013;

c. Five million dollars for the fiscal year beginning on or after July 1, 2013, and ending on or before June 30, 2014; and

d. Six million dollars for all fiscal years beginning on or after July 1, 2014.

(6) (a) The department may award a qualified company meeting the requirements of subdivision (5) of this subsection tax credits in an amount not to exceed eighty percent of the amount the qualified company may otherwise be eligible to retain for a period of five years under subdivision (5) of this subsection.

(b) In addition to satisfying each of the requirements of subdivision (5) of this subsection, a qualified company requesting tax credits under this subdivision shall provide to the department, prior to approval, evidence of commitments for the financing of any applicable new capital investment. The new capital investment shall be made at the project facility within two years of the date of approval.

(c) Upon approval of a notice of intent to request tax credits under this subdivision, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

a. The committed number of jobs, payroll, and new capital investment for each year during the project period;

b. The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval;

c. Penalties, including the recapture of tax credits awarded under this subdivision, for failure to satisfy the requirements provided under this subdivision and subdivision (5) of this subsection; and

d. Any other provisions the department may require.

(d) No later than October 1, 2011, and the first day of October each year thereafter, the department shall provide to the budget committee of the house of representatives and the appropriations committee of the senate a request for an appropriation for the tax credits authorized under this subdivision. Appropriations made under the provisions of this subdivision shall provide the amount of tax credits which may be authorized during the fiscal year immediately following the fiscal year in which such appropriation is made. Appropriations provided under this subdivision shall only be made in the annual appropriation bill relating to public debt.

(e) No tax credits shall be authorized under the provisions of this subdivision, unless an appropriation is made under the provisions of paragraph (d) of this subdivision. In any fiscal year for which an appropriation is made under the provisions of paragraph (d) of this subdivision, no more than the amount of tax credits so appropriated shall be authorized. There is hereby created in the state treasury the "Missouri Quality Jobs Retention Tax Credit Program Fund", which shall consist of money appropriated under this subsection. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this subdivision. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in

the fund for tax credits which have been authorized but not yet redeemed at the end of the fiscal year shall not revert to the credit of the general revenue fund. Any moneys remaining in the fund at the end of the fiscal year for any tax credits which remain unauthorized at the end of the fiscal year shall revert to the credit of the general revenue fund. Provisions of section 32.057 to the contrary notwithstanding, the department of revenue shall notify the director of the department upon redemption of each tax credit authorized under the provisions of this subdivision. Upon such notification, an amount equal to the tax credits redeemed shall be transferred from the fund created in this subdivision to the general revenue fund. In the event the department determines that any tax credit authorized under this subsection is precluded from being redeemed due to contractual agreement entered into by the department and the tax credit applicant or is otherwise precluded by law from being redeemed, an amount equal to such tax credit shall be transferred from the fund created in this subdivision to the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the general revenue fund at the end of each fiscal year.

(7) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially

filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

620.2300. 1. As used in this section, the following terms shall mean:

However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility. The department shall publish the county average wage for each county at least annually. Notwithstanding the provisions of this subdivision to the contrary, for any project that is relocating employees from a Missouri county with a higher county average wage, the company shall obtain the endorsement of the governing body of the community from which jobs are being relocated or the county average wage for their project shall be the county average wage for the county from which the employees are being relocated;**

 - (8) "Park", an area consisting of a parcel or tract of land, or any combination of parcels or contiguous land that meet all of the following requirements:**

- 2. The owner of a park seeking to establish a project shall submit a project application to the department for certification of such project. The department shall review all project applications received under this section and, in consultation with the department of natural resources, verify satisfaction of the requirements of this section. If the department approves a project application, the department shall forward such application and approval to the commission.**
- 3. Notwithstanding provisions of section 393.1030 to the contrary, upon receipt of an application and approval from the department, the commission shall assign double credit to any electric power, renewable energy, renewable energy credits, or any successor credit generated from:**
- (1) Renewable energy resources purchased from the biomass facility located in the park by an electric power supplier;**

(2) Electric power generated off-site by utilizing biomass fuel sold by the biomass facility located at the park; or

(3) Electric power generated off-site by renewable energy resources utilizing storage equipment manufactured at the park that increases the quantity of electricity delivered to the electric power supplier.”; and

Further amend said bill, Section 1, Page 98, Line 3, by inserting the following after all of said line:

“[348.253. 1. The Missouri technology corporation may contract with not-for-profit organizations to carry out the provisions of sections 348.251 to 348.275. By entering into such contracts, the corporation shall attempt to achieve the following objectives:

Further amend said bill, Section B, Page 98, Line 9, by inserting the following after all of said line:

“Section C. As provided in section 1.140, the provisions of every section in this act are severable. If any provision of any section in this act is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the act are valid unless the court finds the valid provisions of the act are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court finds that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

BENEDICTION

The Benediction was given by Msgr. Robert A. Kurwicky.

Almighty and ever loving God, we humbly stand before You tonight as this session of the Missouri House of Representatives has come to its peaceful conclusion for the year. We express as a chamber our gratitude to You for Your graces, favors, and mercies granted unto us, our staffs, our families and our state.

We acknowledge also our thanks for all the lessons learned, both on and off the floor, of how government works and serves. For the friendships formed, we ask Your blessings; for the relationships broken, we beg for healing.

Finally, fill us with a sense of satisfaction, comfort for the tasks accomplished, and blessings and safety as we travel home. And the House says, "Amen!"

ADJOURNMENT

On motion of Representative Jones (89), the House adjourned until 8:00 a.m., Thursday, May 26, 2011.

JOURNAL OF THE HOUSE

VETO SESSION

First Regular Session, 96th GENERAL ASSEMBLY

WEDNESDAY, SEPTEMBER 14, 2011

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Give ear to my prayer, O God; and hide not Thyself from my supplication. (Psalm 55:1)

Our Ancient God, Whose love is from everlasting to everlasting and Whose truth endures forever, we pause in Your presence with bowed heads, lifting our spirits to You - unto Whom all hearts are open, all desires known, and from Whom no secrets are hid. Cleanse the thoughts of our hearts by the inspiration of Your Holy Spirit that we may love You more perfectly, do Your will more confidently, and serve You and our state more faithfully.

We come disturbed by the troubles of our time, burdened by the weight of worry, and distressed by our inability to see clearly what we ought to do. We pray for our nation, for our state and for ourselves that we may increase the spirit of goodwill and thus be a part of the solution and not a part of the problem that confronts us. Give us the courage to carry on knowing that in You we find strength for each task.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Louisa Cassity Curchin.

SPECIAL RECOGNITION

Keith Sappington, former Director of Operations, was introduced by Speaker Tilley and presented with a resolution honoring his 35 years of dedicated service to the Missouri House of Representatives.

MESSAGES FROM THE GOVERNOR

EXECUTIVE OFFICE

June 10, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 10** entitled:

"AN ACT"

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Mental Health, the Department of Health and Senior Services, and the several divisions and programs thereof, and the Missouri Health Facilities Review Committee to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2011 and ending June 30, 2012; provided that no funds from these sections shall be expended for the purpose of costs associated with travel or staffing for the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General.

Section 10.215

I hereby veto \$30,000 General Revenue Fund for Boone County Legal Fees. These funds are unable to be expended because they do not qualify under Section 56.700, RSMo.

For distribution through the Office of Administration to counties pursuant to Section 56.700, RSMo by \$30,000 from \$162,550 to \$132,550 General Revenue Fund.

From \$900,916 to \$870,916 in total from General Revenue Fund.

From \$900,916 to \$870,916 in total for the section.

On June 10, 2011, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 10** except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI:

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 184**, entitled:

"AN ACT"

To repeal sections 233.280, 537.620, and 537.635, RSMo, and to enact in lieu thereof three new sections relating to political subdivisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 184**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 184 allows public entity risk associations, significantly reliant on taxpayer dollars, to "close meetings, records and votes as authorized in chapter 610 to the extent that such meetings, records and votes pertain to actuarial analysis, loss history, claims, data, reports and similar information relating to the determination of member rates and contributions." Chapter 610 does not provide for closure of meetings, records and votes for the purposes stated. **Senate Substitute for Senate Committee Substitute for House Bill No. 184**, therefore, creates a new exception to chapter 610, diminishing government transparency, contrary to the public policy of this state. The closure of these meetings, records and votes effectively places a significant portion of the operations of these public entity risk associations beyond public scrutiny. Further, the closure of this information may limit the members of these entities from obtaining information needed to make informed decisions about their membership.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 184** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

May 2, 2011

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
96TH GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 209** entitled:

"AN ACT"

To repeal sections 67.402, 226.720, and 537.296, RSMo, and to enact in lieu thereof three new sections relating to nuisance actions, with penalty provisions.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 209 is flawed because certain of its provisions apply to nuisances not related to crop or animal production, and because it prohibits recovery of punitive damages in nuisance actions emanating from property used for crop or animal production.

Senate Substitute for Senate Committee Substitute for House Bill No. 209 is overbroad because it goes beyond its purported intent of addressing only agricultural nuisances. Section 537.296.3 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** converts a second temporary nuisance claim to a claim for permanent nuisance, but importantly, does not contain language limiting its application to nuisances emanating from crop or animal production. By contrast, the exclusive damages provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** and the “good faith” abatement provision of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** are expressly limited to “crop or animal production.” By its own terms, therefore, the two lawsuit limitation in Section 537.296.3 applies to all types of nuisances and not just those relating to crop or animal production. Application of this provision beyond the purported intent of the bill, and the unintended consequences of this application, necessitates my disapproval.

Similarly, Section 537.296.5 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** makes substantive changes to standing requirements, but again does not contain language limiting it to nuisances emanating from crop or animal production. The omission of language limiting this provision to crop or animal production has the presumably unintended effect of making all manner of nuisances – those involving blasting, vehicle exhaust, noise, dust, or leaking gas tanks or oil lines, to name just a few – subject to the standing provision of this bill and making changes to nuisance law not contemplated by either the proponents or opponents of **Senate Substitute for Senate Committee Substitute for House Bill No. 209**.

Finally, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** unacceptably prohibits punitive damages in a nuisance action arising out of crop or animal production. Under Missouri law, punitive damages are recoverable in a temporary nuisance action, i.e., where the nuisance is capable of abatement, and in a permanent nuisance action, i.e., where the nuisance cannot be abated. These damages are currently recoverable for agricultural and non-agricultural nuisances. Section 537.296.2 of **Senate Substitute for Senate Committee Substitute for House Bill No. 209** changes Missouri law to provide that the “exclusive damages” awardable in temporary and permanent nuisance actions emanating from crop or animal production are the reduction in fair rental value or fair market value, plus compensatory damages arising from a medical condition caused by the nuisance. This exclusivity provision does not contain an exception for punitive damages. On its face, therefore, **Senate Substitute for Senate Committee Substitute for House Bill No. 209** turns back decades of Missouri common law by prohibiting the recovery of punitive damages in an agricultural nuisance action. The recovery of punitive damages is an important tool to incent the abatement of noxious activity, and must continue to be available to persons aggrieved by a nuisance arising out of crop or animal production.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 209** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 256**, entitled:

"AN ACT"

To repeal section 477.650, RSMo, and to enact in lieu thereof one new section relating to the basic civil legal services fund.

I disapprove of **Senate Committee Substitute for House Bill No. 256**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 256 is identical to Senate Bill No. 165 which I approved on July 8, 2011. As a result, the extension of the sunset provision contained in **Senate Committee Substitute for House Bill No. 256** will become law without the necessity of approving this duplicative legislation.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 256** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430**, entitled:

"AN ACT"

To repeal sections 21.795, 70.441, 226.540, 227.107, 301.010, 301.147, 301.225, 301.559, 301.560, 301.562, 301.3084, 302.302, 302.309, 302.341, 302.700, 304.120, 304.180, 304.200, 387.040, 387.050, 387.080, 387.110, 387.207, 390.051, 390.061, 390.116, 390.280, and 577.023, RSMo, and to enact in lieu thereof forty-two new sections relating to transportation, with penalty provisions, a contingent effective date for certain sections, and an effective date for a certain section.

I disapprove of **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430**. My reasons for disapproval are as follows:

This bill would severely restrict the authority of local communities to regulate billboards. By invalidating any local billboard regulation that is contrary to "customary usage" or one that prohibits billboards in certain areas, this bill would limit local government efforts to preserve community character and promote community values. Local control of billboards ensures that billboards are placed in areas that complement local economic development and local community values. It is unfortunately all too common for a poorly located billboard to define an area in a manner anathema to the morals and values of the local community. Local elected officials can make the best decisions about the location and placement of billboards within their communities in ways that preserve local character and promote business.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 430** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 5, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 465** entitled:

"AN ACT"

To repeal sections 370.100, 370.157, 370.310, 370.320, 370.353, and 370.359, RSMo, and to enact in lieu thereof thirteen new sections relating to credit unions.

I disapprove of **House Committee Substitute for House Bill No. 465**. My reasons for disapproval are as follows:

House Committee Substitute for House Bill No. 465, relating to credit unions, amends the same provisions of Chapter 370, RSMo, as Senate Substitute for Senate Bill No. 306. However, although the two bills are substantively similar, their language is not identical. Approval of both bills would create an ambiguity as to the process for appointing the director of the division of credit unions. In order to avoid the unnecessary confusion occasioned by the approval of nearly duplicative legislation, I am disapproving **House Committee Substitute for House Bill No. 465**. My approval of Senate Substitute for Senate Bill No. 306 on July 5, 2011, will result in the enactment of all of the substantive components of **House Committee Substitute for House Bill No. 465**.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 465** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 484**, entitled:

"AN ACT"

To amend chapter 226, RSMo, by adding thereto one new section relating to the Missouri state transit assistance program.

I disapprove of **House Bill No. 484**. My reasons for disapproval are as follows:

House Bill No. 484 is entirely contained in Conference Committee Substitute for House Committee Substitute for Senate Bill No. 173 which I approved on July 7, 2011. As a result, the provision contained in **House Bill No. 484** will become law without the necessity of approving this duplicative legislation.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 484** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 8, 2011

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1008**, entitled:

"AN ACT"

To amend chapter 226, RSMo, by adding thereto one new section relating to highway infrastructure improvement agreements.

I disapprove of **Senate Committee Substitute for House Bill No. 1008**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1008 authorizes the State Highways and Transportation Commission to enter into agreements with third parties to finance state road and bridge construction projects. While not the stated purpose of this provision, this could allow a private entity to finance all or a part of such project, and in the agreement set forth that it be constituted as a toll road with tolls to be used to repay such private entity. At this juncture, without a full and fair public debate on this issue, the statutory authorization of toll roads would be inappropriate.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1008** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

NINETY-SIXTH GENERAL ASSEMBLY
of the
STATE OF MISSOURI
FIRST EXTRAORDINARY SESSION

FIRST DAY, Tuesday, September 6, 2011

Representative Flanigan in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

There is one God and Father of all, who is above all, and through all and in all. (Ephesians 4:6)

Almighty God, our Heavenly Creator, we pause in the midst of pressing duties and commanding needs to open our hearts in prayer unto You - Who is the source of goodness and love and truth - that the light of Your spirit may shine upon our pathway and illumine the way to righteousness, to justice and to peace.

Keep our hearts clean, our spirits courageous, and our minds clear as we face the tasks of this day. Lead us and all people to that realm where goodwill shall reign and truth shall rule and freedom shall regulate the actions of humanity.

Before this altar of prayer we dedicate ourselves anew to You and we pledge our loyalty to our state and to the well-being of our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGE FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

PROCLAMATION

WHEREAS, prudently designed economic development programs accelerate Missouri's economic growth through the creation of a vibrant business climate that attracts new employers to Missouri and encourages existing businesses to expand; and

WHEREAS, the Missouri Science and Innovation Reinvestment Act, Compete Missouri Initiative, data storage centers, recruitment of significant amateur sporting events and the creation of an international export hub to facilitate the expansion of Missouri exports are critical programs that capture Missouri's bold vision and competitive spirit and will spur economic expansion in all corners of this state; and

2 *Journal of the House*

WHEREAS, economic development programs must include transparency, accountability and return on investment and be implemented in a fiscally prudent manner; and

WHEREAS, economic incentives and tax credit programs must be regularly reviewed to ensure those programs are effective in addressing their purpose and provide appropriate return on investment; and

WHEREAS, implementation of tax credit reform will inject accountability, transparency and result in taxpayer funds being spent in a fiscally effective manner; and

WHEREAS, legislation to modernize Department of Revenue collection measures and a period of tax amnesty will benefit citizens of the State of Missouri and have a positive impact on general revenue; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282, passed during the First Regular Session of the Ninety-Sixth General Assembly, would have moved Missouri's Presidential Primary to March, 2012; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 was vetoed due to the inclusion of objectionable provisions unrelated to the moving of the date for the Presidential Primary; and

WHEREAS, a March, 2012 Presidential Primary will allow Missouri to remain a crucial state during the presidential nomination process; and

WHEREAS, the First Regular Session of the Ninety-Sixth General Assembly considered but failed to pass legislation that would have transferred supervision and control over the St. Louis Metropolitan Police Department to the City of St. Louis; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for economic development legislation, tax credit reform, tax amnesty legislation, enhancement of Department of Revenue collection measures, moving the date of the 2012 Presidential Primary and transitioning the St. Louis Metropolitan Police Department to local control are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasions that exist in the state of Missouri:

I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on September 6, 2011; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

- To enact legislation implementing comprehensive reforms to existing tax credit programs that produces substantial savings to the state treasury through the elimination of programs, imposition or lowering of caps, establishment of program sunsets and other reforms that create efficiencies and safeguard the taxpayers' money. This matter is restricted and nothing in this Proclamation should be construed to authorize the enactment of legislation amending the five year limitation on interest costs eligible for issuance of tax credits under section 99.1205.3, RSMo.

- To enact legislation that incentivizes the development of an international air cargo hub at Lambert-St. Louis International Airport through creation of an air export tax credit for freight forwarders not to exceed a total of sixty million dollars over eight years and a real estate development tax credit not to exceed a total of three hundred million dollars over sixteen years for eligible facilities located in "gateway zones," the qualification for which will be confirmed and verified by the Department of Economic Development, and additional accountability, oversight and participation protections.
- To enact the Missouri Science and Innovation Reinvestment Act authorizing the Missouri Technology Corporation to provide grants, loans and investments in science and innovation businesses through use of funding generated by capturing a portion of any new growth in income tax revenue generated by employees working at such new and existing science and innovation businesses in Missouri.
- To enact the Compete Missouri Initiative which streamlines and updates Missouri's training programs to reflect business and workforce needs; consolidates Missouri's business development incentives into a single program with consistent definitions and processes; provides performance-based benefits with broader accessibility for small businesses and businesses in rural areas; provides additional benefits for targeted industries identified by business leaders in Missouri's Strategic Initiative for Economic Growth; provides business retention incentives for companies retaining more than 125 jobs annually; and authorizes establishment of a closing fund for competitive recruitment and retention projects.
- To enact legislation creating incentives for the construction and development of high-tech data centers that allows a high-tech data center making a minimum capital investment of thirty-seven million dollars and creating at least thirty new jobs to be exempt from certain state and local sales taxes on utilities, machinery and equipment used in the operation of the data center and on personal property and materials used in the construction of the data center, with the overall amount of the exemption limited to the positive fiscal impact to taxpayers resulting from the project.
- To enact legislation authorizing tax credits available for sports commissions, convention and visitors bureaus, certain nonprofit organizations, counties, and municipalities to offset expenses incurred in attracting amateur sporting events to the state in an amount not to exceed three million dollars annually; and to authorize a revenue-neutral contribution tax credit for donations to local sports organizations for the purposes of attracting amateur sporting events to the state in an amount not to exceed ten million dollars annually.
- To enact legislation creating administrative efficiencies and improving the Department of Revenue's ability to collect moneys owed to the State by authorizing the Department of Revenue to: 1) collect, upon referral, debts owed to other state agencies; 2) reduce its expenses associated with providing required notices; 3) recover its collection and administrative costs by retaining one percent of the amount of any local sales or use tax collected by the Department; 4) enter into a reciprocal collection and offset of indebtedness agreement with the federal government; 5) issue orders directly to debtors' employers or other sources of income to facilitate the execution of administrative judgments; and 6) issue statements indicating that no taxes or fees, for which the Department is responsible for collecting, are due, as a prerequisite for payment of certain claims or judgments from the state legal expense fund.
- To enact legislation authorizing the Department of Revenue to grant amnesty to taxpayers from the assessment or payment of penalties, additions to tax, and interest with respect to unpaid income tax and sales tax due and owing that the taxpayer voluntarily reports and pays in full between August 1, 2012 and September 30, 2012.
- To enact legislation authorizing an orderly transition in the governance of the St. Louis Metropolitan Police Department from a board of police commissioners to the City of St. Louis through a process that provides for equitable employment treatment for commissioned and civilian personnel.
- To enact legislation moving Missouri's Presidential Primary to the first Tuesday after the first Monday in March of each presidential election year.

4 *Journal of the House*

- To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require advice and consent of the Senate.

Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 22nd day of August, 2011.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

SECOND DAY, WEDNESDAY, SEPTEMBER 7, 2011

The House met pursuant to adjournment.

Representative Jones (117) in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God is our refuge and strength, a very present help in trouble, therefore we will not fear. (Psalm 46:1)

Eternal God, our Father, Who is the refuge and strength of Your people in every age and Whose creative spirit is ever calling us to new frontiers of thought and action, we pause in Your presence as we greet the coming of another day. In Your strength we would be made strong, with Your wisdom we would be made wise, and by Your grace we would be made good.

We are grateful for this day of opportunity and challenge. By clarity of thought, by a sincerity of spirit, by a genuineness of motive, and by a goodness of life, may we show ourselves ready for the responsibilities we face this hour.

Kindle in our hearts and in the hearts of all Your children a real love for peace, and may the rule of Your spirit increase in the minds of people until justice and goodwill shall be established upon this planet.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGE FROM THE GOVERNOR

September 6, 2011

TO THE SENATE AND HOUSE OF REPRESENTATIVES
OF THE NINETY-SIXTH GENERAL ASSEMBLY OF
THE STATE OF MISSOURI:

I am enclosing a Special Message to all members of the General Assembly. Please read the enclosed message during the Special Session.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon
Governor

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated August 22, 2011, I convened the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

WHEREAS, Senate Committee Substitute for Senate Bill No. 54, relating to protecting children from sexual offenders, was passed during the First Regular Session of the Ninety-Sixth General Assembly; and

WHEREAS, significant confusion and concern has been raised regarding provisions contained in Senate Committee Substitute for Senate Bill No. 54 that limit electronic communications between teachers and students; and

WHEREAS, it is important that teachers and school district staff have the ability to appropriately communicate with their students without fear and uncertainty as to the application of the legal restrictions contained in Senate Committee Substitute for Senate Bill No. 54; and

WHEREAS, the State of Missouri has been affected by numerous natural disasters during 2011; and

WHEREAS, these natural disasters have destroyed numerous businesses in Joplin and elsewhere across this state; and

WHEREAS, counties are currently authorized to provide property tax relief for residential property destroyed by a natural disaster; and

WHEREAS, counties are not authorized under current law to provide similar property tax relief to commercial property destroyed by a natural disaster, thereby imposing a significant financial hardship to businesses attempting to rebuild and recover in the aftermath of a disaster; and

WHEREAS, affording counties the authority to extend property tax relief to commercial property destroyed by a natural disaster will provide much needed assistance to those business owners affected by disasters; and

WHEREAS, the need to repeal certain provisions contained in Senate Committee Substitute for Senate Bill No. 54 passed during the First Regular Session of the Ninety-Sixth General Assembly relating to electronic communications between teachers and students and to enact property tax relief for commercial property destroyed by a natural disaster are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do hereby amend the matters specifically designated and limited for consideration by the General Assembly in my August 22, 2011 Proclamation to add to those matters the following additional specifically designated and limited matters. The additional specifically designated and limited matters on which the action of the General Assembly is deemed necessary are as follows:

- To enact legislation repealing subsections 162.069.1 through 162.069.4, RSMo. This matter is limited to the repeal of subsections 162.069.1 through 162.069.4, RSMo, and should not be construed to allow or permit amendments to those subsections or to otherwise enact revised or new language in place thereof.
- To enact legislation establishing a mechanism for commercial property to be removed on a pro rata basis from the tax book if such commercial property is destroyed by a natural disaster and is unusable for commercial activity due to such destruction.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 6th day of September, 2011.

/s/ Jeremiah W. (Jay) Nixon
Governor

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

THIRD DAY, THURSDAY, SEPTEMBER 8, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God.
(1 John 4:7)*

O God, Who has guided our ancestors to build on these shores a nation of the people, by the people, and for the people and Who did give them faith to believe that they may become one in spirit with liberty and justice for all, move You within our hearts that we may live according to Your holy will and that we may be open to the leading of Your gracious spirit.

Remove from our minds all bitterness and all contempt for one another, that departing from all that divides us we may, by Your grace, arrive at a new unity of spirit that being one with You we may be one with our fellow Missourians.

May our spirit be the spirit of goodwill, may our security be the security of goodwill, and may our strength be the strength of goodwill where each may live for all and all may care for each.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

FOURTH DAY, FRIDAY, SEPTEMBER 9, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

I will say of the Lord, He is my refuge and my fortress: my God, in Him will I trust. (Psalm 91:2)

Eternal God, Who is the Creator of the world and the everlasting sustainer of our spirits, without Whom no one is wise, no one is good - we pause in Your presence to invoke Your blessing upon us and to offer unto You the devotion of our hearts on this 9/11 memorial weekend.

Bless us as we debate this day, and may we be given wisdom to make sound decisions, strength to walk in the way of justice and freedom for all, and goodwill to motivate all we say and do.

Bless our state and make us now and always people mindful of Your favor, eager to do Your will, willing to obey Your commandments, and ready to live in Your spirit of love.

Bless our Missouri House of Representatives. Strengthen their families and all their loved ones - separated from one another as they are; and, as some journey through the valley of uncertainties, let them feel Your strengthening presence and Your comforting spirit.

May we as the representatives of this state match this devotion by a deep dedication of our own spirits to the welfare of our beloved Missouri and our nation as we remember the innocent victims of 9/11.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "**Disaster area**", a **blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding

personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5)] (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

[(6)] (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(7)] (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] (9) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (10) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (11) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (12) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (13) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (14) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (15) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] (16) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;

(d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

(e) Initial costs for an economic development area;

(f) Costs of construction of public works or improvements;

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

[(16)] (17) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

[(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:

(a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; **or**

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 **or** 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated

account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 21 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 21 of this section to the department of economic development supplemental disaster recovery fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

16. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established under section 99.805.

17. No transfer from the general revenue fund to the Missouri supplemental disaster recovery fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

18. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 15 of this section, the municipality shall comply with the requirements of subsection 21 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

19. For purposes of this section, "state disaster recovery revenues" means:

21. The initial appropriation of up to fifty percent of the state disaster recovery revenues authorized under subsections 15 and 16 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the state disaster recovery revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(m) An estimate as to the equalized assessed valuation after the redevelopment project area is developed in accordance with a redevelopment plan;

(n) The general land uses to apply in the redevelopment area;

(o) The total number of individuals employed in the redevelopment area, broken down by full-time, part-time, and temporary positions;

(p) The total number of full-time equivalent positions in the redevelopment area;

(q) The current gross wages, state income tax withholdings, and federal income tax withholdings for individuals employed in the redevelopment area;

(r) A list of other community and economic benefits to result from the redevelopment project;

(s) A list of all other public investments made or to be made by the federal government, this state or units of local government to support infrastructure or other needs generated by the redevelopment project for which the funding under this section is being sought;

(t) A statement as to whether the redevelopment project may reduce employment at any other site, within or without the state, resulting from automation, merger, acquisition, corporate restructuring, relocation, or other business activity;

(u) A statement as to whether or not the redevelopment project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(v) A market study for the redevelopment area;

(w) A certification by the chief officer of the applicant as to the accuracy of the redevelopment plan;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval, which shall provide for a maximum amount of state disaster recovery revenues available to the municipality for the duration of the redevelopment plans and projects as determined

in accordance with subdivision (4) of this subsection. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be both a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area and a portion of the estimate of the state income tax withheld by the employer on behalf of employees filling jobs within the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee;

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. The department shall annually distribute to each municipality from the corresponding subaccount of the Missouri supplemental disaster recovery fund the amount of the state disaster recovery revenues as appropriated to each municipality as provided in the provisions of subsections 15 and 16 of this section if and only if such municipality has met the conditions of subsection 21 of this section. Any moneys remaining in the Missouri supplemental disaster recovery fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided for in section 33.080, but shall remain in the Missouri supplemental disaster recovery fund.

23. Notwithstanding anything to the contrary in subsections 15 to 22 of this section, the department of economic development may request an appropriation for any given fiscal year from the general fund to a particular subaccount of the Missouri supplemental disaster recovery fund in excess of the amount of state disaster recovery revenues estimated to be generated within the applicable redevelopment project in the calendar year immediately preceding such fiscal year, so long as the total amount of appropriations to such subaccount of the Missouri supplemental disaster recovery fund does not exceed the maximum amount provided for in the certificate of approval issued pursuant to subsection 19 of this section.

24. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental disaster recovery fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from state disaster recovery revenues deposited into the Missouri supplemental disaster recovery fund created under this section.

(13) Any additional information the municipality deems necessary.

2. Data contained in the report mandated pursuant to the provisions of subsection 1 of this section and any information regarding amounts disbursed to municipalities pursuant to the provisions of section 99.845 shall be deemed a public record, as defined in section 610.010. An annual statement showing the payments made in lieu of taxes received and expended in that year, the status of the redevelopment plan and projects therein, amount of outstanding bonded indebtedness and any additional information the municipality deems necessary shall be published in a newspaper of general circulation in the municipality.

3. Five years after the establishment of a redevelopment plan and every five years thereafter the governing body shall hold a public hearing regarding those redevelopment plans and projects created pursuant to sections 99.800 to 99.865. The purpose of the hearing shall be to determine if the redevelopment project is making satisfactory progress under the proposed time schedule contained within the approved plans for completion of such projects.

Such rules and regulations may include methods for enumerating all of the municipalities which have established commissions pursuant to section 99.820. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The department of economic development shall provide information and technical assistance, as requested by any municipality, on the requirements of sections 99.800 to 99.865. Such information and technical assistance shall be provided in the form of a manual, written in an easy-to-follow manner, and through consultations with departmental staff.

7. Any municipality which fails to comply with the reporting requirements provided in this section shall be prohibited from implementing any new tax increment finance project for a period of no less than five years from such municipality's failure to comply.

8. Based upon the information provided in the reports required under the provisions of this section, the state auditor shall make available for public inspection on the auditor's website, a searchable electronic database of such municipal tax increment finance reports. “99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) **"Disaster area", a blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

~~[(5)]~~ (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

~~[(6)]~~ (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

~~[(7)]~~ (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with

agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] **(9)** "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] **(10)** "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] **(11)** "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] **(12)** "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] **(13)** "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] **(14)** "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] **(15)** "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] **(16)** "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;
- (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
- (c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;
- (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;
- (e) Initial costs for an economic development area;
- (f) Costs of construction of public works or improvements;
- (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;
- (h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;
- (i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;
- (j) Payments in lieu of taxes;

[(16)] **(17)** "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;
 [(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and
 [(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:
 (a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; or

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds

shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 or 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest

where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. 3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. 12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the

No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. AMEND House Bill No. 2, Page 5, Section 32.087, Line 125, by inserting immediately after all of said line the following:

“32.088. 1. Beginning January 1, 2012, the possession of a statement from the department of revenue stating no tax is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under sections 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupational license or any state license required for conducting any business. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

2. Beginning January 1, 2012, in lieu of subsection 1 of this section, the director may enter into an agreement with any state agency responsible for issuing any state license for conducting any business, requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each

applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under sections 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.”; and

Further amend said bill, Page 15, Section 140.910, Line 94, by inserting after immediately after all of said line the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Kelly (24), **House Amendment No. 3** was adopted.

On motion of Representative Flanigan, **HB 2, as amended**, was ordered perfected and printed.

First Extraordinary Session, 96th GENERAL ASSEMBLY

FIFTH DAY, TUESDAY, SEPTEMBER 13, 2011

The House met pursuant to adjournment.

Representative Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Trust in the Lord and do good. (Psalm 37:3)

O God, our eternal source of wisdom, power, and love, Who is above us and within us, Who keeps the planets in their courses and yet is mindful of the faint whispers of our human hearts, before You we pause in reverence and awe, contemplating the grandeur of Your being, the greatness of Your power, and the glory of Your love.

Keep us restless until we find our rest in You, keep us dissatisfied until we find our satisfaction in You, keep us in weakness until we find our strength in You.

Into our lives come appeals for causes, some of which are good and some of which are not good. We pray that by Your spirit we may be led to make wise choices that our reactions may be good and for the good of all. Help us to keep our minds and hearts responsive to You, that Your grace may find an outlet in our lives and that we may be channels for Your spirit to establish justice between people, goodwill within homes, and peace in our state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

SIXTH DAY, WEDNESDAY, SEPTEMBER 14, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

My grace is sufficient for thee: for my strength is made perfect in weakness. (II Corinthians 12:9)

Eternal and Almighty God, the light of all that is true, the strength of all that is good, and the glory of all that is beautiful, at the beginning of another day we would lift our minds and hearts unto You in prayer, seeking strength and wisdom and love sufficient for our needs.

Help us to walk in the light, to share our strength, and to build upon love that we may be ready for all our responsibilities and equal to every experience. May we always think clearly, speak confidently, and act courageously, and may the world of today be a better world than the world of yesterday because of our devotion and our work.

We pray that Your spirit may enter the hearts of all our people, that they and we may be delivered from all malice and all hatred, and may be led to do justly, to love mercy, and to walk humbly with You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Unto Thee O Lord, do I lift up my soul. (Psalm 25:1)

In this mood we come this day and bow our hearts at this altar of prayer. May we be led into green pastures, beside still waters, and find restoration of spirit and renewal of our faith in You. Even though we walk through the valley of the shadow of death we will fear no evil for You are with us, strengthening us and supporting us.

TENTH DAY, WEDNESDAY, SEPTEMBER 21, 2011

The House met pursuant to adjournment.

Representative Zerr in the Chair.

Prayer by Representative Billy Pat Wright.

In a letter of instruction to his young ministerial disciple, Paul tells Timothy "tough times are the way;" times in which men will be lovers of self, filled with sin and will be opposed to the truth (*II Timothy 3:1-9*). He says that "evil men and imposters" will deceive others while being deceived (*3:13*). But Paul reminds Timothy to recall how he, Paul, served and taught others and exhorts him to "continue in the things you have learned." And become convinced of the sacred writings which are able to give you wisdom.

II Timothy 3:16 reads - All scripture is inspired by God and is profitable for teaching, for reproof, for correction, for training in righteousness. Let us all in the House be reminded of our commitment to our constituents and pray for God's wisdom during this Special Session.

In Christ's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

THIRTEENTH DAY, THURSDAY, SEPTEMBER 29, 2011

The House met pursuant to adjournment.

Representative Flanigan in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Open Thou mine eyes, that I may behold wondrous things out of Thy law. (Psalm 119:18)

Eternal God, Who led our ancestors through the wilderness into the promised land, we thank You for Your providential care from that day to this. You guided them with a pillow of cloud by day and a pillar of fire by night, and caused them to dwell in the secret place of the Most High. As You did bestow upon them the blessing of Your law, as You did pour out upon them the gifts of Your spirit, as You did lead them in the way of Your commandments - so teach us to follow in their footsteps that we, like them, may seek after truth, strive to deal justly, to love mercy and to walk humbly and reverently with You.

Grant, O Lord, that we may love Your law and live Your life that the benediction of Your peace and the blessing of Your presence may rest upon us and upon our state now and always. And we pause for a moment of silent prayer for the repose of the soul of our former member, Representative Ed Robb of Boone County, whose funeral is today.

COMMITTEE REPORT

Committee on Fiscal Review, Chairman Stream reporting:

SIGNING OF SENATE BILLS

All other business of the House was suspended while **SCS SB 1** was read at length and, there being no objection, was signed by the Speaker to the end that the same may become law.

Representative Bahr offered an objection to **SS SCS SB 7**, which was appended to the bill.

LETTER OF OBJECTION

September 23, 2011

Mr. Speaker:

My honor and duty to my sworn oath to support and defend the Missouri state Constitution compels me to raise a constitutional objection to Senate Substitute for Senate Committee Substitute for Senate Bill Seven. It is my opinion that the bill is unconstitutional for the following reasons:

1. SS/SCS for Senate Bill No. 7 violates Article I, Section 2 of the Missouri Constitution by denying equal protection under the laws of Missouri through its treatment of Missouri businesses and other taxpayers differently based on the geographic region and industries they serve.
2. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing a competitive advantage to some citizens through state supplied subsidies for the development of new enterprises at the expense of citizens who have already made investments in competing projects. The result is state sponsored diminution of their property and the state's failure to "give security" to the "gains of their own industry".
3. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing preferential and unequal treatment to some citizens, who would receive state supplied subsidies for the development of new enterprises, over other citizens who might otherwise seek development of new enterprises in competition with them in an open and free marketplace.
4. SS/SCS for Senate Bill No. 7 violates Article III, Section 36 of the Missouri Constitution, because it has the effect of "divert[ing]" money from the treasury independent of the appropriation process.
5. SS/SCS for Senate Bill No. 7 violates Article III, Section 38(a) of the Missouri Constitution, which states that "The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation..."

The potential for public benefit does not remediate the fatal flaws in this bill, for as the Missouri Supreme Court pointed out in 1987, "Accordingly, in our application of Article III, Section 38(a) of the Missouri Constitution, we have held grants with a primarily private effect to be unconstitutional, despite the possible beneficial impact upon the economy of the locality and of the state." *Curchin v. Missouri Indus. Development Bd.*, 722 SW 2d 930 (Mo: Supreme Court 1987)

6. SS/SCS for Senate Bill No. 7 violates Missouri Constitution's Article III, Section 40 prohibition of "special laws" in several ways, notably those in Section 40(30) which forbids the General Assembly from passing a local or special law where a general law can be made.

Article I, Section 2 of the Missouri Constitution provides guidance for all that the state would task itself with – it defines the role of Missouri government, what it calls its "principal office". That section was brought forward from our 1875 constitution and it was explained eloquently when introduced to the body of delegates during the 1875 Constitutional Convention:

"It [in the Bill of Rights] is then declared that the main office of government is the security of life, liberty and property - the protection of those things - not protection in the sense in which capital is employed in thousands of industries in order to render bloated one or two in some favored locality - not protection in that sense, but equal protection to all, so that every man may sit secure under the shadow of his own vine and fig tree, and have none to make him afraid." Debates of the Missouri Constitutional Convention, 1875 – Volume I, P. 430 at 24 (emph. added)

As a duly elected Representative of the great state of Missouri, I have taken an oath to support and defend the Constitution from which these principles emanate. While I have a responsibility to consider guidance from the Courts, I also have a personal responsibility to understand our Constitution and apply my understanding in the execution of my

duties. In the present instance, both the preponderance of guidance from the courts and my understanding are in agreement.

Accordingly, I conclude that Senate Substitute for Senate Committee Substitute for Senate Bill Seven is unconstitutional for the above-stated reasons and should not be agreed to or passed by this body and in the event it is finally passed by both houses of the legislature, should not be signed by the governor.

Respectfully,

/s/ Rep. Kurt M. Bahr
District 19

Representative White offered **House Amendment No. 5.**

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 8, Page 42, Section 135.1521, Line 9, by inserting the following after all of said line:

"137.081. 1. As used in this section, the following terms mean:

- (1) "Certificate of occupancy", the certificate, permit, or equivalent document issued by the county that permits the commercial use or occupancy of a building or structure used for commercial purposes;**
- (2) "Commercial real property", any real property assessed as utility, industrial, commercial, railroad and other real property by the assessor for property tax purposes under section 137.016;**
- (3) "Commercial real property improvement", any buildings, structures, fixtures, and similar edifice as described in subdivision (3) of section 137.010 which are on and a part of commercial real property;**
- (4) "Natural disaster", any disaster due to natural causes such as tornado, fire, flood, or earthquake;**
- (5) "County", any county or city not within a county.**

2. If a property owner makes an application under this section, any commercial real property improvement destroyed by a natural disaster shall be removed on a pro rata basis from the tax book for the current year if such property improvement is unusable due to such destruction. If such application is made before the first day of July, the county assessor shall carry out the duties of subsections 2 and 3 of this section. If such application is made on or after July first, the county board of equalization shall carry out the duties of subsections 2 and 3 of this section. In counties that are not of the first classification, if the destruction occurs after the adjournment of the county board of equalization, the county commission shall perform such duties.

3. Upon issuance of a certificate of occupancy for the improvement to a property removed from the tax book under subsection 2 of this section by the county, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section. If the property is located within a county that does not issue a certificate of occupancy, upon the determination of the assessor that the improvement is suitable for use or occupancy for commercial purposes, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section.

4. Any person claiming destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall make available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall be assessed double the value of any property fraudulently listed, in addition to any other penalties provided by law. The list shall be filed by the assessor, after the assessor has provided a copy of the list to the county collector and the board of equalization or county commission, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep it.

5. Any political subdivision may recover all loss of revenue resulting from the provisions of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section.

6. For any tax year, including 2011, this section shall become effective immediately upon the adoption of this section by the governing body of such county and shall apply to such tax year and shall remain effective until the end of the tax year in which the governing body of such county votes to repeal the provisions of this

section. Any improvement that was removed from the tax book under the provisions of this section prior to the time of repeal by the governing body of such county shall be assessed and taxed at such time as the requirements of subsection 3 of this section have been satisfied.”; and

253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or structure in a certified historic district, may, subject to the provisions of this section and

The limitations provided under this subsection shall not apply to applications approved under the provisions of subsection 3 of section 253.559 for projects to receive less than two hundred seventy-five thousand dollars in tax credits.

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

(1) Any application submitted by a taxpayer, which has received approval from the department prior to July 1, 2011; or

(2) Any application for tax credits provided under this section for a project, which on or before July 1, 2011:

(a) Received an approved Part I from the Secretary of the United States Department of Interior and has incurred costs and expenses for an eligible property which exceed the lesser of fifteen percent of the total project costs or three million dollars; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

8. For each fiscal year beginning on or after July 1, 2011, the department of economic development shall not approve applications for projects to receive less than two hundred seventy-five thousand dollars in tax credits which, in the aggregate, exceed ten million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. The limitations on tax credit authorization provided under the provisions of this subsection, shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to July 1, 2011; or

(2) Any application for tax credits provided under this section for a project, which on or before July 1, 2011:

(a) Received an approved Part I from the Secretary of the United States Department of Interior and has incurred costs and expenses for an eligible property which exceed five percent of the total project costs; or

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **For all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] to 253.559. **Any taxpayer that receives state tax credits under the provisions of sections 135.350 to 135.363 for a project that is not financed through tax exempt bonds issuance shall be ineligible for the state tax credits authorized under sections 253.545 to 253.559 for the same project.** Taxpayers eligible for such tax credits may transfer, sell or assign the credits to **any other taxpayer including, but not limited to, a not-for-profit entity.** Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners **including, but not limited to, any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked,

with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval. Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the taxpayer contained in such application shall notify the department of such change.**

5. In the event that the department of economic development grants approval for tax credits equal to the **applicable** total amount available under subsection 2, **5, or 8** of section 253.550, or sufficient that when totaled with all other approvals, the **applicable** amount available under subsection 2, **5, or 8** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of

economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the **applicable** total amount of tax credits, provided under subsection 2, **5, or 8** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development [which,]. **Such application for final approval and issuance of tax credits shall include a cost and expense certification, prepared by a licensed certified public accountant that is not an affiliate of the applicant, certifying the total costs and expenses of rehabilitation and the total amount of tax credits for which such taxpayer is eligible under sections 253.550 to 253.559. Cost and expense certifications required under this section shall separately state any accrued developer fees. No later than forty-five calendar days following receipt of a taxpayer's application for final approval and issuance of tax credits, the department of economic development shall determine, in consultation with the department of natural resources, [shall determine the final amount of eligible rehabilitation costs and expenses and] whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. If the completed rehabilitation meets such standards, the department of economic development shall, within forty-five calendar days following the receipt of the taxpayer's application for final approval and tax credit issuance, inform such taxpayer of its initial determination by letter and issue such taxpayer an initial tax credit issuance. A taxpayer receiving an initial tax credit issuance shall receive tax credit certificates in an amount equal the lesser of seventy-five percent of the total amount of tax credits for which the taxpayer is eligible under sections 253.550 to 253.559, as certified in the cost and expense certification, or the amount of tax credits approved for such project under subsection 3 of this section. Within one hundred and fifty calendar days following receipt of a taxpayer's application for final approval and tax credit issuance, the department shall determine the final amount of eligible rehabilitation costs and expenses. For a taxpayer receiving an initial tax credit issuance, no later than one hundred and fifty calendar days following receipt of such taxpayer's application for final approval and tax credit issuance, the department shall notify such taxpayer of its final determination by letter and issue such taxpayer tax credit certificates in an amount equal to the lesser of the remaining amount of tax credits for which such taxpayer is eligible to receive under sections 253.550 to 253.559, as determined by the department, or the remaining amount of tax credits for which such taxpayer was approved under subsection 3 of this section, but not issued under the initial tax credit issuance. If the department of economic development determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance is in excess of the total amount of tax credits such taxpayer is eligible to receive under sections 253.550 to 253.559, the department shall notify such taxpayer and such taxpayer shall repay the state an amount equal to such excess. For financial institutions credits authorized pursuant to sections 253.550 to [253.561] 253.559 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. [The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.] The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed. Taxpayers which receive tax credit certificates under sections 253.550 to 253.559, attributable to accrued developer fees shall, within six years of completion of rehabilitation, submit an additional cost and expense certification verifying the total amount of developer fees actually accrued and paid. To the extent the amount of developer fees contained in a taxpayer's cost and expense certification included with such taxpayers application for final approval and tax credit issuance exceeds the amount of developer fees actually accrued and paid, as evidenced by the additional cost and expense certification, such taxpayer shall repay to the state an amount equal to twenty-five percent of such excess.**

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount

provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

9. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.

(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.

(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.

(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.

(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.

11. By no later than January 1, 2012, the department shall propose rules to implement the provisions of sections 253.550 to 253.559. Prior to proposing such rules, the department shall conduct a stakeholder process designed to solicit input from interested parties. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated herein shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act, shall be invalid and void.”; and

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

TWENTIETH DAY, WEDNESDAY, OCTOBER 19, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

David encouraged himself in the Lord his God. (1 Samuel 30:6)

Almighty God, Whose spirit is within all of Your creation, Whose love never fails, and Whose presence is with us all our days, make us more aware of You, more responsive to Your call, more obedient to Your will, and more ready to help our fellow men and women.

Grant unto us a greater honesty of purpose, a more generous attitude toward others, and a most genuine faith in You - which will help us live unashamed before You and those who love us. When we are tempted, give us strength to overcome our temptations; when we begin to give way to discouragement, help us to find our encouragement in You; when we fail and would give up, grant us courage to try again.

May the light of truth illumine our way, may the love of life illumine our hearts, and may the life of love illumine our relationships with one another.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee: because he trusteth in Thee. (Isaiah 26:3)

COMMITTEE REPORTS

Committee on Rules, Chairman Diehl reporting:

Mr. Speaker: Your Committee on Rules, to which was referred **HR 4672**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE RESOLUTION NO. 4672

WHEREAS, Missouri has an extensive history of supporting our military and strengthening our nation; and

WHEREAS, our military personnel and their families receive peace of mind that they have the F/A-18E/F Super Hornet, which is the most capable, next-generation, multi-role strike fighter in combat today, ensuring their safety, protecting our nation, and securing peace around the world; and

WHEREAS, the F/A-18E/F Super Hornet is the most capable, multi-role strike fighter in production today and will continue to provide air superiority to the United States and its allies for the next generation; and

WHEREAS, over 24,000 retirees and over 15,000 hardworking employees in Missouri contribute to the success of programs like F/A-18E/F; and

WHEREAS, in 2010, \$764 million of materials were purchased from 969 Missouri suppliers for programs such as the F/A-18E/F, further contributing to the sustainability of Missouri jobs and substantial economic impact in Missouri; and

WHEREAS, the United States invested into a multi-year procurement of F/A-18E/F Super Hornet aircraft in 2010, which will continue through 2014 and will save the taxpayers over \$818 million; and

WHEREAS, every F/A-18E/F aircraft has been delivered to our military on time and at cost, providing the only capable and affordable multi-strike fighter today; and

WHEREAS, limiting the production of the F/A-18E/F program would increase costs of the only affordable multi-strike fighter flying in combat today, effectuating adverse economic impact to Missouri:

NOW, THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-sixth General Assembly, hereby urge the United States Congress to recognize the importance of the F/A-18E/F Super Hornet program to the State of Missouri, our military, and our national security, and to support the continued production and full funding of the F/A-18E/F program; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HJR 1**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

TWENTY-SECOND DAY, THURSDAY, OCTOBER 27, 2011

The House met pursuant to adjournment.

Representative Grisamore in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest. (Joshua 1:9)

O God of all goodness and grace, bless us as we lift our spirits unto You in prayer. Make us increasingly aware of Your presence as in this moment we close our eyes and open our hearts unto You. Help us to meet our experiences this day with a singing faith, a strong courage, and a steadfast love.

When disappointments come, when discouragements would shut us in and threaten to shut us out, when the clouds of distress hover over us, give us strength to launch out into the duties of each day - not understanding all that is happening - but in the midst of it all remaining steady and serene, masters of ourselves and servants of Yours.

Give us such a confidence in Your sustaining grace that no weakness of our own may cause us to lose faith and no shortcoming may make us give way to undue anxiety. In all things, by all ways, through all experiences keep us faithful that our consciences may be clear, our hearts clean, and our spirits confident.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Kennedy, Sydney and Kellen Merrell, children of Kristen Merrell, Missouri's 2011 Teacher of the Year, Lee's Summit R-7, Lee's Summit, Missouri.

NINETY-SIXTH GENERAL ASSEMBLY
of the
STATE OF MISSOURI
FIRST EXTRAORDINARY SESSION

FIRST DAY, Tuesday, September 6, 2011

Representative Flanigan in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

There is one God and Father of all, who is above all, and through all and in all. (Ephesians 4:6)

Almighty God, our Heavenly Creator, we pause in the midst of pressing duties and commanding needs to open our hearts in prayer unto You - Who is the source of goodness and love and truth - that the light of Your spirit may shine upon our pathway and illumine the way to righteousness, to justice and to peace.

Keep our hearts clean, our spirits courageous, and our minds clear as we face the tasks of this day. Lead us and all people to that realm where goodwill shall reign and truth shall rule and freedom shall regulate the actions of humanity.

Before this altar of prayer we dedicate ourselves anew to You and we pledge our loyalty to our state and to the well-being of our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGE FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

PROCLAMATION

WHEREAS, prudently designed economic development programs accelerate Missouri's economic growth through the creation of a vibrant business climate that attracts new employers to Missouri and encourages existing businesses to expand; and

WHEREAS, the Missouri Science and Innovation Reinvestment Act, Compete Missouri Initiative, data storage centers, recruitment of significant amateur sporting events and the creation of an international export hub to facilitate the expansion of Missouri exports are critical programs that capture Missouri's bold vision and competitive spirit and will spur economic expansion in all corners of this state; and

2 *Journal of the House*

WHEREAS, economic development programs must include transparency, accountability and return on investment and be implemented in a fiscally prudent manner; and

WHEREAS, economic incentives and tax credit programs must be regularly reviewed to ensure those programs are effective in addressing their purpose and provide appropriate return on investment; and

WHEREAS, implementation of tax credit reform will inject accountability, transparency and result in taxpayer funds being spent in a fiscally effective manner; and

WHEREAS, legislation to modernize Department of Revenue collection measures and a period of tax amnesty will benefit citizens of the State of Missouri and have a positive impact on general revenue; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282, passed during the First Regular Session of the Ninety-Sixth General Assembly, would have moved Missouri's Presidential Primary to March, 2012; and

WHEREAS, Conference Committee Substitute for House Committee Substitute for Senate Bill No. 282 was vetoed due to the inclusion of objectionable provisions unrelated to the moving of the date for the Presidential Primary; and

WHEREAS, a March, 2012 Presidential Primary will allow Missouri to remain a crucial state during the presidential nomination process; and

WHEREAS, the First Regular Session of the Ninety-Sixth General Assembly considered but failed to pass legislation that would have transferred supervision and control over the St. Louis Metropolitan Police Department to the City of St. Louis; and

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for economic development legislation, tax credit reform, tax amnesty legislation, enhancement of Department of Revenue collection measures, moving the date of the 2012 Presidential Primary and transitioning the St. Louis Metropolitan Police Department to local control are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasions that exist in the state of Missouri:

I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on September 6, 2011; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

- To enact legislation implementing comprehensive reforms to existing tax credit programs that produces substantial savings to the state treasury through the elimination of programs, imposition or lowering of caps, establishment of program sunsets and other reforms that create efficiencies and safeguard the taxpayers' money. This matter is restricted and nothing in this Proclamation should be construed to authorize the enactment of legislation amending the five year limitation on interest costs eligible for issuance of tax credits under section 99.1205.3, RSMo.

- To enact legislation that incentivizes the development of an international air cargo hub at Lambert-St. Louis International Airport through creation of an air export tax credit for freight forwarders not to exceed a total of sixty million dollars over eight years and a real estate development tax credit not to exceed a total of three hundred million dollars over sixteen years for eligible facilities located in "gateway zones," the qualification for which will be confirmed and verified by the Department of Economic Development, and additional accountability, oversight and participation protections.
- To enact the Missouri Science and Innovation Reinvestment Act authorizing the Missouri Technology Corporation to provide grants, loans and investments in science and innovation businesses through use of funding generated by capturing a portion of any new growth in income tax revenue generated by employees working at such new and existing science and innovation businesses in Missouri.
- To enact the Compete Missouri Initiative which streamlines and updates Missouri's training programs to reflect business and workforce needs; consolidates Missouri's business development incentives into a single program with consistent definitions and processes; provides performance-based benefits with broader accessibility for small businesses and businesses in rural areas; provides additional benefits for targeted industries identified by business leaders in Missouri's Strategic Initiative for Economic Growth; provides business retention incentives for companies retaining more than 125 jobs annually; and authorizes establishment of a closing fund for competitive recruitment and retention projects.
- To enact legislation creating incentives for the construction and development of high-tech data centers that allows a high-tech data center making a minimum capital investment of thirty-seven million dollars and creating at least thirty new jobs to be exempt from certain state and local sales taxes on utilities, machinery and equipment used in the operation of the data center and on personal property and materials used in the construction of the data center, with the overall amount of the exemption limited to the positive fiscal impact to taxpayers resulting from the project.

SECOND DAY, WEDNESDAY, SEPTEMBER 7, 2011

The House met pursuant to adjournment.

Representative Jones (117) in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God is our refuge and strength, a very present help in trouble, therefore we will not fear. (Psalm 46:1)

Eternal God, our Father, Who is the refuge and strength of Your people in every age and Whose creative spirit is ever calling us to new frontiers of thought and action, we pause in Your presence as we greet the coming of another day. In Your strength we would be made strong, with Your wisdom we would be made wise, and by Your grace we would be made good.

We are grateful for this day of opportunity and challenge. By clarity of thought, by a sincerity of spirit, by a genuineness of motive, and by a goodness of life, may we show ourselves ready for the responsibilities we face this hour.

Kindle in our hearts and in the hearts of all Your children a real love for peace, and may the rule of Your spirit increase in the minds of people until justice and goodwill shall be established upon this planet.

MESSAGE FROM THE GOVERNOR

September 6, 2011

TO THE SENATE AND HOUSE OF REPRESENTATIVES
OF THE NINETY-SIXTH GENERAL ASSEMBLY OF
THE STATE OF MISSOURI:

I am enclosing a Special Message to all members of the General Assembly. Please read the enclosed message during the Special Session.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon
Governor

SPECIAL MESSAGE

WHEREAS, by my Proclamation dated August 22, 2011, I convened the Ninety-Sixth General Assembly of the State of Missouri in the First Extra Session of the First Regular Session; and

WHEREAS, Senate Committee Substitute for Senate Bill No. 54, relating to protecting children from sexual offenders, was passed during the First Regular Session of the Ninety-Sixth General Assembly; and

WHEREAS, significant confusion and concern has been raised regarding provisions contained in Senate Committee Substitute for Senate Bill No. 54 that limit electronic communications between teachers and students; and

WHEREAS, it is important that teachers and school district staff have the ability to appropriately communicate with their students without fear and uncertainty as to the application of the legal restrictions contained in Senate Committee Substitute for Senate Bill No. 54; and

WHEREAS, the State of Missouri has been affected by numerous natural disasters during 2011; and

WHEREAS, these natural disasters have destroyed numerous businesses in Joplin and elsewhere across this state; and

WHEREAS, counties are currently authorized to provide property tax relief for residential property destroyed by a natural disaster; and

WHEREAS, counties are not authorized under current law to provide similar property tax relief to commercial property destroyed by a natural disaster, thereby imposing a significant financial hardship to businesses attempting to rebuild and recover in the aftermath of a disaster; and

WHEREAS, affording counties the authority to extend property tax relief to commercial property destroyed by a natural disaster will provide much needed assistance to those business owners affected by disasters; and

WHEREAS, the need to repeal certain provisions contained in Senate Committee Substitute for Senate Bill No. 54 passed during the First Regular Session of the Ninety-Sixth General Assembly relating to electronic communications between teachers and students and to enact property tax relief for commercial property destroyed by a natural disaster are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do hereby amend the matters specifically designated and limited for consideration by the General Assembly in my August 22, 2011 Proclamation to add to those matters the following additional specifically designated and limited matters. The additional specifically designated and limited matters on which the action of the General Assembly is deemed necessary are as follows:

- To enact legislation repealing subsections 162.069.1 through 162.069.4, RSMo. This matter is limited to the repeal of subsections 162.069.1 through 162.069.4, RSMo, and should not be construed to allow or permit amendments to those subsections or to otherwise enact revised or new language in place thereof.
- To enact legislation establishing a mechanism for commercial property to be removed on a pro rata basis from the tax book if such commercial property is destroyed by a natural disaster and is unusable for commercial activity due to such destruction.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 6th day of September, 2011.

First Extraordinary Session, 96th GENERAL ASSEMBLY

THIRD DAY, THURSDAY, SEPTEMBER 8, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Let us love one another: for love is of God; and everyone that loveth is born of God, and knoweth God.
(1 John 4:7)*

O God, Who has guided our ancestors to build on these shores a nation of the people, by the people, and for the people and Who did give them faith to believe that they may become one in spirit with liberty and justice for all, move You within our hearts that we may live according to Your holy will and that we may be open to the leading of Your gracious spirit.

Remove from our minds all bitterness and all contempt for one another, that departing from all that divides us we may, by Your grace, arrive at a new unity of spirit that being one with You we may be one with our fellow Missourians.

May our spirit be the spirit of goodwill, may our security be the security of goodwill, and may our strength be the strength of goodwill where each may live for all and all may care for each.

First Extraordinary Session, 96th GENERAL ASSEMBLY

FOURTH DAY, FRIDAY, SEPTEMBER 9, 2011

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

I will say of the Lord, He is my refuge and my fortress: my God, in Him will I trust. (Psalm 91:2)

Eternal God, Who is the Creator of the world and the everlasting sustainer of our spirits, without Whom no one is wise, no one is good - we pause in Your presence to invoke Your blessing upon us and to offer unto You the devotion of our hearts on this 9/11 memorial weekend.

Bless us as we debate this day, and may we be given wisdom to make sound decisions, strength to walk in the way of justice and freedom for all, and goodwill to motivate all we say and do.

Bless our state and make us now and always people mindful of Your favor, eager to do Your will, willing to obey Your commandments, and ready to live in Your spirit of love.

Bless our Missouri House of Representatives. Strengthen their families and all their loved ones - separated from one another as they are; and, as some journey through the valley of uncertainties, let them feel Your strengthening presence and Your comforting spirit.

May we as the representatives of this state match this devotion by a deep dedication of our own spirits to the welfare of our beloved Missouri and our nation as we remember the innocent victims of 9/11.

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "**Disaster area**", a **blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding

personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5)] (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

[(6)] (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(7)] (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] (9) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (10) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (11) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (12) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (13) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (14) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (15) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] (16) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;

(d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

(e) Initial costs for an economic development area;

(f) Costs of construction of public works or improvements;

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

[(16)] (17) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;

[(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

[(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:

(a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; **or**

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 **or** 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated

account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 21 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 21 of this section to the department of economic development supplemental disaster recovery fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

16. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established under section 99.805.

17. No transfer from the general revenue fund to the Missouri supplemental disaster recovery fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

18. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 15 of this section, the municipality shall comply with the requirements of subsection 21 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

19. For purposes of this section, "state disaster recovery revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received under section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law; and

(2) The state income tax withheld on behalf of employees by the employer under section 143.221 at businesses located within the project area as identified by the municipality.

20. Subsection 15 of this section shall apply only to redevelopment areas predominantly within disaster areas.

21. The initial appropriation of up to fifty percent of the state disaster recovery revenues authorized under subsections 15 and 16 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the state disaster recovery revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(r) A list of other community and economic benefits to result from the redevelopment project;

(s) A list of all other public investments made or to be made by the federal government, this state or units of local government to support infrastructure or other needs generated by the redevelopment project for which the funding under this section is being sought;

(v) A market study for the redevelopment area;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues and the state income tax withheld by employers on behalf of employees filling jobs within the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval, which shall provide for a maximum amount of state disaster recovery revenues available to the municipality for the duration of the redevelopment plans and projects as determined

in accordance with subdivision (4) of this subsection. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be both a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area and a portion of the estimate of the state income tax withheld by the employer on behalf of employees filling jobs within the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee;

(4) Redevelopment plans and projects receiving state disaster recovery revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. The department shall annually distribute to each municipality from the corresponding subaccount of the Missouri supplemental disaster recovery fund the amount of the state disaster recovery revenues as appropriated to each municipality as provided in the provisions of subsections 15 and 16 of this section if and only if such municipality has met the conditions of subsection 21 of this section. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental disaster recovery fund shall be disbursed per project pursuant to state appropriations. Any moneys remaining in the Missouri supplemental disaster recovery fund at the end of any fiscal year shall not lapse to the general revenue fund, as provided for in section 33.080, but shall remain in the Missouri supplemental disaster recovery fund.

23. Notwithstanding anything to the contrary in subsections 15 to 22 of this section, the department of economic development may request an appropriation for any given fiscal year from the general fund to a particular subaccount of the Missouri supplemental disaster recovery fund in excess of the amount of state disaster recovery revenues estimated to be generated within the applicable redevelopment project in the calendar year immediately preceding such fiscal year, so long as the total amount of appropriations to such subaccount of the Missouri supplemental disaster recovery fund does not exceed the maximum amount provided for in the certificate of approval issued pursuant to subsection 19 of this section.

24. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental disaster recovery fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from state disaster recovery revenues deposited into the Missouri supplemental disaster recovery fund created under this section.

99.865. 1. Each year the governing body of the municipality, or its designee, shall prepare a report concerning the status of each redevelopment plan and redevelopment project, and shall submit a copy of such report to the director of the department of economic development. The report shall include the following:

2. Data contained in the report mandated pursuant to the provisions of subsection 1 of this section and any information regarding amounts disbursed to municipalities pursuant to the provisions of section 99.845 shall be deemed a public record, as defined in section 610.010. An annual statement showing the payments made in lieu of taxes received and expended in that year, the status of the redevelopment plan and projects therein, amount of outstanding bonded indebtedness and any additional information the municipality deems necessary shall be published in a newspaper of general circulation in the municipality.

3. Five years after the establishment of a redevelopment plan and every five years thereafter the governing body shall hold a public hearing regarding those redevelopment plans and projects created pursuant to sections 99.800 to 99.865. The purpose of the hearing shall be to determine if the redevelopment project is making satisfactory progress under the proposed time schedule contained within the approved plans for completion of such projects.

Such rules and regulations may include methods for enumerating all of the municipalities which have established commissions pursuant to section 99.820. No rule or portion of a rule promulgated under the authority of sections 99.800 to 99.865 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The department of economic development shall provide information and technical assistance, as requested by any municipality, on the requirements of sections 99.800 to 99.865. Such information and technical assistance shall be provided in the form of a manual, written in an easy-to-follow manner, and through consultations with departmental staff.

7. Any municipality which fails to comply with the reporting requirements provided in this section shall be prohibited from implementing any new tax increment finance project for a period of no less than five years from such municipality's failure to comply.

8. Based upon the information provided in the reports required under the provisions of this section, the state auditor shall make available for public inspection on the auditor's website, a searchable electronic database of such municipal tax increment finance reports. House Amendment No. 2

AMEND House Bill No. 2, Page 11, Section 32.460, Line 7, by inserting after all of said line the following:

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) **"Disaster area", a blighted area located within a municipality for which public and individual assistance has been requested by the governor under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. Section 5121, et seq., for an emergency proclaimed by the governor under section 44.100 due to a natural disaster of major proportions and the blighted area has sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency, provided that the municipality adopts an ordinance approving the redevelopment project within one year after the occurrence of the natural disaster;**

(5) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

~~[(5)]~~ (6) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

~~[(6)]~~ (7) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

~~[(7)]~~ (8) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with

agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

[(8)] (9) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (10) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (11) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (12) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (13) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (14) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (15) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

[(15)] (16) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

- (a) Costs of studies, surveys, plans, and specifications;
- (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
- (c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;
- (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;
- (e) Initial costs for an economic development area;
- (f) Costs of construction of public works or improvements;
- (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;
- (h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;
- (i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;
- (j) Payments in lieu of taxes;

[(16)] (17) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

[(17)] (18) "Taxing districts", any political subdivision of this state having the power to levy taxes;
 [(18)] (19) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and
 [(19)] (20) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.810. 1. Each redevelopment plan shall set forth in writing a general description of the program to be undertaken to accomplish the objectives and shall include, but need not be limited to, the estimated redevelopment project costs, the anticipated sources of funds to pay the costs, evidence of the commitments to finance the project costs, the anticipated type and term of the sources of funds to pay costs, the anticipated type and terms of the obligations to be issued, the most recent equalized assessed valuation of the property within the redevelopment area which is to be subjected to payments in lieu of taxes and economic activity taxes pursuant to section 99.845, an estimate as to the equalized assessed valuation after redevelopment, and the general land uses to apply in the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is:
 (a) A blighted area, a conservation area, or an economic development area, and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met; **or**

(b) **Predominantly within a disaster area;**

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible; **provided that, in the case of a disaster area, such information regarding financial feasibility may be provided by the municipality;**

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.835. 1. Obligations secured by the special allocation fund set forth in sections 99.845 and 99.850 for the redevelopment area or redevelopment project may be issued by the municipality pursuant to section 99.820 or by the tax increment financing commission to provide for redevelopment costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance or resolution authorizing the issuance of such obligations by the receipts of payments in lieu of taxes as specified in section 99.855 and, subject to annual appropriation, other tax revenue as specified in section 99.845. A municipality may, in the ordinance or resolution, pledge all or any part of the funds in and to be deposited in the special allocation fund created pursuant to sections 99.845 and 99.850 to the payment of the redevelopment costs and obligations. Any pledge of funds in the special allocation fund may provide for distribution to the taxing districts of moneys not required for payment of redevelopment costs or obligations and such excess funds

shall be deemed to be surplus funds, except that any moneys allocated to the special allocation fund as provided in subsection 4 **or** 13 of section 99.845, and which are not required for payment of redevelopment costs and obligations, shall not be distributed to the taxing districts but shall be returned to the department of economic development for credit to the general revenue fund. In the event a municipality only pledges a portion of the funds in the special allocation fund for the payment of redevelopment costs or obligations, any such funds remaining in the special allocation fund after complying with the requirements of the pledge, including the retention of funds for the payment of future redevelopment costs, if so required, shall also be deemed surplus funds. All surplus funds shall be distributed annually to the taxing districts in the redevelopment area by being paid by the municipal treasurer to the county collector who shall immediately thereafter make distribution as provided in subdivision (12) of section 99.820.

2. Without limiting the provisions of subsection 1 of this section, the municipality may, in addition to obligations secured by the special allocation fund, pledge any part or any combination of net new revenues of any redevelopment project, or a mortgage on part or all of the redevelopment project to secure its obligations or other redevelopment costs.

3. Obligations issued pursuant to sections 99.800 to 99.865 may be issued in one or more series bearing interest at such rate or rates as the issuing body of the municipality shall determine by ordinance or resolution. Such obligations shall bear such date or dates, mature at such time or times not exceeding twenty-three years from their respective dates, when secured by the special allocation fund, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance or resolution shall provide. Obligations issued pursuant to sections 99.800 to 99.865 may be sold at public or private sale at such price as shall be determined by the issuing body and shall state that obligations issued pursuant to sections 99.800 to 99.865 are special obligations payable solely from the special allocation fund or other funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to sections 99.800 to 99.865.

4. The ordinance authorizing the issuance of obligations may provide that the obligations shall contain a recital that they are issued pursuant to sections 99.800 to 99.865, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

5. Neither the municipality, its duly authorized commission, the commissioners or the officers of a municipality nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued pursuant to sections 99.800 to 99.865 shall not be a general obligation of the municipality, county, state of Missouri, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security therefor. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory or charter debt limitation or restriction.

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest

where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior

to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. (2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Beginning January 1, 2012, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2, and 3 of this section, up to fifty percent of the state disaster recovery revenues, as defined in subsection 19 of this section, estimated for the

businesses within the project area and identified by the municipality in the application required by subsection 21 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 21 of this section to the department of economic development supplemental disaster recovery fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after January 1, 2011, appropriations from the state disaster recovery revenues shall not be distributed from the Missouri supplemental disaster recovery fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

18.  - (r) A list of other community and economic benefits to result from the redevelopment project;

22. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Disaster Recovery Fund", to be administered by the department of economic development. The department of economic development shall create a separate subaccount of the Missouri supplemental disaster recovery fund for each redevelopment project approved under subsections 15 to 21 of this section, into which the state disaster recovery revenues attributable to each such redevelopment project shall be deposited at least annually. The department shall annually distribute to each municipality from the corresponding subaccount of the Missouri supplemental disaster recovery fund the amount of the state disaster recovery revenues as appropriated to each municipality as provided in the provisions of subsections 15 and 16 of this section if and only if such municipality has met the conditions of subsection 21 of this section. Any moneys remaining in the Missouri supplemental disaster recovery fund at the end of any fiscal year shall not lapse to the

general revenue fund, as provided for in section 33.080, but shall remain in the Missouri supplemental disaster recovery fund.

23. Notwithstanding anything to the contrary in subsections 15 to 22 of this section, the department of economic development may request an appropriation for any given fiscal year from the general fund to a particular subaccount of the Missouri supplemental disaster recovery fund in excess of the amount of state disaster recovery revenues estimated to be generated within the applicable redevelopment project in the calendar year immediately preceding such fiscal year, so long as the total amount of appropriations to such subaccount of the Missouri supplemental disaster recovery fund does not exceed the maximum amount provided for in the certificate of approval issued pursuant to subsection 19 of this section.

24. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental disaster recovery fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from state disaster recovery revenues deposited into the Missouri supplemental disaster recovery fund created under this section.

99.865. 1. Each year the governing body of the municipality, or its designee, shall prepare a report concerning the status of each redevelopment plan and redevelopment project, and shall submit a copy of such report to the director of the department of economic development. The report shall include the following:

- (1) The amount and source of revenue in the special allocation fund;
- (2) The amount and purpose of expenditures from the special allocation fund;
- (3) The amount of any pledge of revenues, including principal and interest on any outstanding bonded indebtedness;
- (4) The original assessed value of the redevelopment project;
- (5) The assessed valuation added to the redevelopment project;
- (6) Payments made in lieu of taxes received and expended;
- (7) The economic activity taxes generated within the redevelopment area in the calendar year prior to the approval of the redevelopment plan, to include the following:

(a) For redevelopment plans and redevelopment projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of section 99.845, a separate entry for the state sales tax revenue base for the redevelopment area or the state income tax withheld by employers on behalf of existing employees in the redevelopment area prior to the redevelopment plan; or

(b) For redevelopment plans and redevelopment projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of section 99.845, a separate entry for the state sales tax revenue base for the redevelopment area and the state income tax withheld by employers on behalf of existing employees in the redevelopment area prior to the redevelopment plan;

(8) The economic activity taxes generated within the redevelopment area after the approval of the redevelopment plan, to include the following:

(a) For redevelopment plans and redevelopment projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of section 99.845, a separate entry for the increase in state sales tax revenues for the redevelopment area or the increase in state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area; or

(b) For redevelopment plans and redevelopment projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 15 to 23 of section 99.845, a separate entry for the increase in state sales tax revenues for the redevelopment area and the increase in state income tax withheld by employers on behalf of employees filling jobs within the redevelopment area;

(9) Reports on contracts made incident to the implementation and furtherance of a redevelopment plan or project;

(10) A copy of any redevelopment plan, which shall include the required findings and cost-benefit analysis pursuant to subdivisions (1) to (6) of section 99.810;

(11) The cost of any property acquired, disposed of, rehabilitated, reconstructed, repaired or remodeled;

(12) The number of parcels acquired by or through initiation of eminent domain proceedings; and

(13) Any additional information the municipality deems necessary.

2. Data contained in the report mandated pursuant to the provisions of subsection 1 of this section and any information regarding amounts disbursed to municipalities pursuant to the provisions of section 99.845 shall be deemed a public record, as defined in section 610.010. An annual statement showing the payments made in lieu of taxes received

and expended in that year, the status of the redevelopment plan and projects therein, amount of outstanding bonded indebtedness and any additional information the municipality deems necessary shall be published in a newspaper of general circulation in the municipality.

3. Five years after the establishment of a redevelopment plan and every five years thereafter the governing body shall hold a public hearing regarding those redevelopment plans and projects created pursuant to sections 99.800 to 99.865. The purpose of the hearing shall be to determine if the redevelopment project is making satisfactory progress under the proposed time schedule contained within the approved plans for completion of such projects.

Notice of such public hearing shall be given in a newspaper of general circulation in the area served by the commission once each week for four weeks immediately prior to the hearing.

4. The director of the department of economic development shall submit a report to the state auditor, the speaker of the house of representatives, and the president pro tem of the senate no later than February first of each year. The report shall contain a summary of all information received by the director pursuant to this section.

5. For the purpose of coordinating all tax increment financing projects using new state revenues **or state disaster recovery revenues**, the director of the department of economic development may promulgate rules and regulations to ensure compliance with this section. Such rules and regulations may include methods for enumerating all of the municipalities which have established commissions pursuant to section 99.820. No rule or portion of a rule promulgated under the authority of sections 99.800 to 99.865 shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to June 27, 1997, is of no force and effect and repealed; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to June 27, 1997, if such rule complied with the provisions of chapter 536. The provisions of this section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, including the ability to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule, are subsequently held unconstitutional, then the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void.

6. The department of economic development shall provide information and technical assistance, as requested by any municipality, on the requirements of sections 99.800 to 99.865. Such information and technical assistance shall be provided in the form of a manual, written in an easy-to-follow manner, and through consultations with departmental staff.

7. Any municipality which fails to comply with the reporting requirements provided in this section shall be prohibited from implementing any new tax increment finance project for a period of no less than five years from such municipality's failure to comply.

8. Based upon the information provided in the reports required under the provisions of this section, the state auditor shall make available for public inspection on the auditor's website, a searchable electronic database of such municipal tax increment finance reports. All information contained within such database shall be maintained for a period of no less than ten years from initial posting.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Flanigan, **House Amendment No. 2** was adopted.

Representative Kelly (24) offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Bill No. 2, Page 5, Section 32.087, Line 125, by inserting immediately after all of said line the following:

“32.088. 1. Beginning January 1, 2012, the possession of a statement from the department of revenue stating no tax is due under chapters 142, 143, 144, 147, and 149, and that no fees are due under sections 260.262 or 260.273, shall be a prerequisite to the issuance or renewal of any city or county occupational license or any state license required for conducting any business. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

2. Beginning January 1, 2012, in lieu of subsection 1 of this section, the director may enter into an agreement with any state agency responsible for issuing any state license for conducting any business, requiring the agency to provide the director of revenue with the name and Missouri tax identification number of each

applicant for licensure within one month of the date the application is filed or at least one month prior to the anticipated renewal of a licensee's license. If such licensee is delinquent on any taxes under chapters 142, 143, 144, 147, and 149, or fees under sections 260.262 or 260.273, the director shall then send notice to each such entity and licensee. In the case of such delinquency or failure to file, the licensee's license shall be suspended within ninety days after notice of such delinquency or failure to file, unless the director of revenue verifies that such delinquency or failure has been remedied or arrangements have been made to achieve such remedy. The director of revenue shall, within ten business days of notification to the governmental entity issuing the license that the delinquency has been remedied or arrangements have been made to remedy such delinquency, send written notification to the licensee that the delinquency has been remedied. Tax liability paid in protest or reasonably founded disputes with such liability shall be considered paid for the purposes of this section.”; and

Further amend said bill, Page 15, Section 140.910, Line 94, by inserting after immediately after all of said line the following:

“144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under [sections 144.010 to 144.510 or sections 143.191 to 143.261] **section 32.088** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business [where goods are sold at retail]. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, **and until December 31, 2011**, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Kelly (24), **House Amendment No. 3** was adopted.

On motion of Representative Flanigan, **HB 2, as amended**, was ordered perfected and printed.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

FIFTH DAY, TUESDAY, SEPTEMBER 13, 2011

The House met pursuant to adjournment.

Representative Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Trust in the Lord and do good. (Psalm 37:3)

O God, our eternal source of wisdom, power, and love, Who is above us and within us, Who keeps the planets in their courses and yet is mindful of the faint whispers of our human hearts, before You we pause in reverence and awe, contemplating the grandeur of Your being, the greatness of Your power, and the glory of Your love.

Keep us restless until we find our rest in You, keep us dissatisfied until we find our satisfaction in You, keep us in weakness until we find our strength in You.

Into our lives come appeals for causes, some of which are good and some of which are not good. We pray that by Your spirit we may be led to make wise choices that our reactions may be good and for the good of all. Help us to keep our minds and hearts responsive to You, that Your grace may find an outlet in our lives and that we may be channels for Your spirit to establish justice between people, goodwill within homes, and peace in our state.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

SIXTH DAY, WEDNESDAY, SEPTEMBER 14, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

My grace is sufficient for thee: for my strength is made perfect in weakness. (II Corinthians 12:9)

Eternal and Almighty God, the light of all that is true, the strength of all that is good, and the glory of all that is beautiful, at the beginning of another day we would lift our minds and hearts unto You in prayer, seeking strength and wisdom and love sufficient for our needs.

Help us to walk in the light, to share our strength, and to build upon love that we may be ready for all our responsibilities and equal to every experience. May we always think clearly, speak confidently, and act courageously, and may the world of today be a better world than the world of yesterday because of our devotion and our work.

We pray that Your spirit may enter the hearts of all our people, that they and we may be delivered from all malice and all hatred, and may be led to do justly, to love mercy, and to walk humbly with You.

In this mood we come this day and bow our hearts at this altar of prayer. May we be led into green pastures, beside still waters, and find restoration of spirit and renewal of our faith in You. Even though we walk through the valley of the shadow of death we will fear no evil for You are with us, strengthening us and supporting us.

First Extraordinary Session, 96th GENERAL ASSEMBLY

TENTH DAY, WEDNESDAY, SEPTEMBER 21, 2011

The House met pursuant to adjournment.

Representative Zerr in the Chair.

Prayer by Representative Billy Pat Wright.

In a letter of instruction to his young ministerial disciple, Paul tells Timothy "tough times are the way;" times in which men will be lovers of self, filled with sin and will be opposed to the truth (*II Timothy 3:1-9*). He says that "evil men and imposters" will deceive others while being deceived (*3:13*). But Paul reminds Timothy to recall how he, Paul, served and taught others and exhorts him to "continue in the things you have learned." And become convinced of the sacred writings which are able to give you wisdom.

II Timothy 3:16 reads - All scripture is inspired by God and is profitable for teaching, for reproof, for correction, for training in righteousness. Let us all in the House be reminded of our commitment to our constituents and pray for God's wisdom during this Special Session.

In Christ's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

Representative Asbury offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 7, Page 19, Section 348.271, Line 26, by inserting after all of said line the following:

"348.275. 1. **Public funds utilized under the provisions of sections 348.250 to 348.275 shall not be expended, paid, or granted to or on behalf of an existing or proposed research project that involves abortion services, human cloning, or prohibited human research as defined in section 196.1127.**

2. The department of economic development may draft and promulgate rules and regulations consistent with the provisions of sections 348.251 to 348.272 as are necessary or useful to carry out the provisions of those sections.

[2.] 3. No rule or portion of a rule promulgated under the authority of sections 348.251 to 348.272 shall become effective until it has been approved by the joint committee on administrative rules in accordance with the procedures provided in this section, and the delegation of the legislative authority to enact law by the adoption of such rules is dependent upon the power of the joint committee on administrative rules to review and suspend rules pending ratification by the senate and the house of representatives as provided in this section.

[3.] 4. Upon filing any proposed rule with the secretary of state, the department shall concurrently submit such proposed rule to the committee, which may hold hearings upon any proposed rule or portion thereof at any time.

[4.] 5. A final order of rulemaking shall not be filed with the secretary of state until thirty days after such final order of rulemaking has been received by the committee. The committee may hold one or more hearings upon such final order of rulemaking during the thirty-day period. If the committee does not disapprove such order of rulemaking within the thirty-day period, the department may file such order of rulemaking with the secretary of state and the order of rulemaking shall be deemed approved.

[5.] 6. The committee may, by majority vote of the members, suspend the order of rulemaking or portion thereof by action taken prior to the filing of the final order of rulemaking only for one or more of the following grounds:

- (1) An absence of statutory authority for the proposed rule;
- (2) An emergency relating to public health, safety or welfare;
- (3) The proposed rule is in conflict with state law;
- (4) A substantial change in circumstance since enactment of the law upon which the proposed rule is based.

[6.] 7. If the committee disapproves any rule or portion thereof, the department shall not file such disapproved portion of any rule with the secretary of state and the secretary of state shall not publish in the Missouri Register any final order of rulemaking containing the disapproved portion.

[7.] 8. If the committee disapproves any rule or portion thereof, the committee shall report its findings to the senate and the house of representatives. No rule or portion thereof disapproved by the committee shall take effect so long as the senate and the house of representatives ratify the act of the joint committee by resolution adopted in each house within thirty legislative days after such rule or portion thereof has been disapproved by the joint committee.

[8.] 9. Upon adoption of a rule as provided in this section, any such rule or portion thereof may be suspended or revoked by the general assembly either by bill or, pursuant to section 8, article IV of the Constitution of Missouri, by concurrent resolution upon recommendation of the joint committee on administrative rules. The committee shall be authorized to hold hearings and make recommendations pursuant to the provisions of section 536.037. The secretary of state shall publish in the Missouri Register, as soon as practicable, notice of the suspension or revocation."; and

The House met pursuant to adjournment.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Open Thou mine eyes, that I may behold wondrous things out of Thy law. (Psalm 119:18)

Eternal God, Who led our ancestors through the wilderness into the promised land, we thank You for Your providential care from that day to this. You guided them with a pillow of cloud by day and a pillar of fire by night, and caused them to dwell in the secret place of the Most High. As You did bestow upon them the blessing of Your law, as You did pour out upon them the gifts of Your spirit, as You did lead them in the way of Your commandments - so teach us to follow in their footsteps that we, like them, may seek after truth, strive to deal justly, to love mercy and to walk humbly and reverently with You.

Grant, O Lord, that we may love Your law and live Your life that the benediction of Your peace and the blessing of Your presence may rest upon us and upon our state now and always. And we pause for a moment of silent prayer for the repose of the soul of our former member, Representative Ed Robb of Boone County, whose funeral is today.

SIGNING OF SENATE BILLS

All other business of the House was suspended while **SCS SB 1** was read at length and, there being no objection, was signed by the Speaker to the end that the same may become law.

Representative Bahr offered an objection to **SS SCS SB 7**, which was appended to the bill.

LETTER OF OBJECTION

September 23, 2011

Mr. Speaker:

My honor and duty to my sworn oath to support and defend the Missouri state Constitution compels me to raise a constitutional objection to Senate Substitute for Senate Committee Substitute for Senate Bill Seven. It is my opinion that the bill is unconstitutional for the following reasons:

1. SS/SCS for Senate Bill No. 7 violates Article I, Section 2 of the Missouri Constitution by denying equal protection under the laws of Missouri through its treatment of Missouri businesses and other taxpayers differently based on the geographic region and industries they serve.
2. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing a competitive advantage to some citizens through state supplied subsidies for the development of new enterprises at the expense of citizens who have already made investments in competing projects. The result is state sponsored diminution of their property and the state's failure to "give security" to the "gains of their own industry".
3. SS/SCS for Senate Bill No. 7 further violates Article I, Section 2 of the Missouri Constitution by providing preferential and unequal treatment to some citizens, who would receive state supplied subsidies for the development of new enterprises, over other citizens who might otherwise seek development of new enterprises in competition with them in an open and free marketplace.
4. SS/SCS for Senate Bill No. 7 violates Article III, Section 36 of the Missouri Constitution, because it has the effect of "divert[ing]" money from the treasury independent of the appropriation process.
5. SS/SCS for Senate Bill No. 7 violates Article III, Section 38(a) of the Missouri Constitution, which states that "The general assembly shall have no power to grant public money or property, or lend or authorize the lending of public credit, to any private person, association or corporation..."

The potential for public benefit does not remediate the fatal flaws in this bill, for as the Missouri Supreme Court pointed out in 1987, "Accordingly, in our application of Article III, Section 38(a) of the Missouri Constitution, we have held grants with a primarily private effect to be unconstitutional, despite the possible beneficial impact upon the economy of the locality and of the state." *Curchin v. Missouri Indus. Development Bd.*, 722 SW 2d 930 (Mo: Supreme Court 1987)

6. SS/SCS for Senate Bill No. 7 violates Missouri Constitution's Article III, Section 40 prohibition of "special laws" in several ways, notably those in Section 40(30) which forbids the General Assembly from passing a local or special law where a general law can be made.

Article I, Section 2 of the Missouri Constitution provides guidance for all that the state would task itself with – it defines the role of Missouri government, what it calls its "principal office". That section was brought forward from our 1875 constitution and it was explained eloquently when introduced to the body of delegates during the 1875 Constitutional Convention:

"It [in the Bill of Rights] is then declared that the main office of government is the security of life, liberty and property - the protection of those things - not protection in the sense in which capital is employed in thousands of industries in order to render bloated one or two in some favored locality - not protection in that sense, but equal protection to all, so that every man may sit secure under the shadow of his own vine and fig tree, and have none to make him afraid." Debates of the Missouri Constitutional Convention, 1875 – Volume I, P. 430 at 24 (emph. added)

As a duly elected Representative of the great state of Missouri, I have taken an oath to support and defend the Constitution from which these principles emanate. While I have a responsibility to consider guidance from the Courts, I also have a personal responsibility to understand our Constitution and apply my understanding in the execution of my

duties. In the present instance, both the preponderance of guidance from the courts and my understanding are in agreement.

Accordingly, I conclude that Senate Substitute for Senate Committee Substitute for Senate Bill Seven is unconstitutional for the above-stated reasons and should not be agreed to or passed by this body and in the event it is finally passed by both houses of the legislature, should not be signed by the governor.

Respectfully,

/s/ Rep. Kurt M. Bahr
District 19

- (1) "Certificate of occupancy", the certificate, permit, or equivalent document issued by the county that permits the commercial use or occupancy of a building or structure used for commercial purposes;**
- (2) "Commercial real property", any real property assessed as utility, industrial, commercial, railroad and other real property by the assessor for property tax purposes under section 137.016;**
- (3) "Commercial real property improvement", any buildings, structures, fixtures, and similar edifice as described in subdivision (3) of section 137.010 which are on and a part of commercial real property;**
- (4) "Natural disaster", any disaster due to natural causes such as tornado, fire, flood, or earthquake;**
- (5) "County", any county or city not within a county.**

2. If a property owner makes an application under this section, any commercial real property improvement destroyed by a natural disaster shall be removed on a pro rata basis from the tax book for the current year if such property improvement is unusable due to such destruction. If such application is made before the first day of July, the county assessor shall carry out the duties of subsections 2 and 3 of this section. If such application is made on or after July first, the county board of equalization shall carry out the duties of subsections 2 and 3 of this section. In counties that are not of the first classification, if the destruction occurs after the adjournment of the county board of equalization, the county commission shall perform such duties.

3. Upon issuance of a certificate of occupancy for the improvement to a property removed from the tax book under subsection 2 of this section by the county, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section. If the property is located within a county that does not issue a certificate of occupancy, upon the determination of the assessor that the improvement is suitable for use or occupancy for commercial purposes, the property shall be assessed and taxed on such assessed valuation as of the first day of the month for the proportionate part of the remaining year at the tax rates established for that year in all taxing jurisdictions located in the county adopting this section.

4. Any person claiming destroyed property shall provide a list of such destroyed property to the county assessor. The assessor shall make available a supply of appropriate forms on which the claim shall be made. The assessor may verify all such destroyed property listed to ensure that the person made a correct statement. Any person who completes such a list and, with intent to defraud, includes property on the list that was not destroyed by a natural disaster shall be assessed double the value of any property fraudulently listed, in addition to any other penalties provided by law. The list shall be filed by the assessor, after the assessor has provided a copy of the list to the county collector and the board of equalization or county commission, in the office of the county clerk who, after entering the filing thereof, shall preserve and safely keep it.

5. Any political subdivision may recover all loss of revenue resulting from the provisions of this section by adjusting the rate of taxation, to the extent previously authorized by the voters of such political subdivision, for the tax year immediately following the year of such destruction in an amount not to exceed the loss of revenue caused by this section.

6. For any tax year, including 2011, this section shall become effective immediately upon the adoption of this section by the governing body of such county and shall apply to such tax year and shall remain effective until the end of the tax year in which the governing body of such county votes to repeal the provisions of this

section. Any improvement that was removed from the tax book under the provisions of this section prior to the time of repeal by the governing body of such county shall be assessed and taxed at such time as the requirements of subsection 3 of this section have been satisfied.”; and

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

8. For each fiscal year beginning on or after July 1, 2011, the department of economic development shall not approve applications for projects to receive less than two hundred seventy-five thousand dollars in tax credits which, in the aggregate, exceed ten million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. The limitations on tax credit authorization provided under the provisions of this subsection, shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to July 1, 2011; or

(2) Any application for tax credits provided under this section for a project, which on or before July 1, 2011:

(a) Received an approved Part I from the Secretary of the United States Department of Interior and has incurred costs and expenses for an eligible property which exceed five percent of the total project costs; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation would, upon completion, be expected to exceed fifty percent of the total basis in the property.

253.557. 1. If the amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to any of the three preceding years and carried forward for credit against the taxes imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265 for the succeeding ten years, or until the full credit is used, whichever occurs first. **For all tax credits authorized under the provisions of sections 253.545 to 253.559 on or after July 1, 2011, if the total amount of such credit exceeds the total tax liability for the year in which the rehabilitated property is placed in service, the amount that exceeds the state tax liability may be carried back to the preceding year and carried forward for credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265 for the succeeding five years, or until the full credit is used, whichever occurs first.** Not-for-profit entities, including but not limited to corporations organized as not-for-profit corporations pursuant to chapter 355 shall be ineligible for the tax credits authorized under sections 253.545 [through 253.561] to 253.559. **Any taxpayer that receives state tax credits under the provisions of sections 135.350 to 135.363 for a project that is not financed through tax exempt bonds issuance shall be ineligible for the state tax credits authorized under sections 253.545 to 253.559 for the same project.** Taxpayers eligible for such tax credits may transfer, sell or assign the credits to **any other taxpayer including, but not limited to, a not-for-profit entity.** Credits granted to a partnership, a limited liability company taxed as a partnership or multiple owners of property shall be passed through to the partners, members or owners **including, but not limited to, any not-for-profit entity that is a partner, member, or owner,** respectively pro rata or pursuant to an executed agreement among [the] **such** partners, members or owners documenting an alternate distribution method.

2. The assignee of the tax credits, hereinafter the assignee for purposes of this subsection, may use acquired credits to offset up to one hundred percent of the tax liabilities otherwise imposed pursuant to chapter 143 and chapter 148, except for sections 143.191 to 143.265. The assignor shall perfect such transfer by notifying the department of economic development in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department of economic development to administer and carry out the provisions of this section.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection 8 of this section, shall be prioritized for review and approval, in the order of the date on which the application was postmarked,

with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection 8 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; and

(5) Any other information which the department of economic development may reasonably require to review the project for approval. Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits.

4. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy. **Upon any such change in ownership, the taxpayer contained in such application shall notify the department of such change.**

5. In the event that the department of economic development grants approval for tax credits equal to the **applicable** total amount available under subsection 2, **5, or 8** of section 253.550, or sufficient that when totaled with all other approvals, the **applicable** amount available under subsection 2, **5, or 8** of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

6. All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within two years of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of

economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the **applicable** total amount of tax credits, provided under subsection 2, **5, or 8** of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

7. To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development [which,]. **Such application for final approval and issuance of tax credits shall include a cost and expense certification, prepared by a licensed certified public accountant that is not an affiliate of the applicant, certifying the total costs and expenses of rehabilitation and the total amount of tax credits for which such taxpayer is eligible under sections 253.550 to 253.559. Cost and expense certifications required under this section shall separately state any accrued developer fees. No later than forty-five calendar days following receipt of a taxpayer's application for final approval and issuance of tax credits, the department of economic development shall determine, in consultation with the department of natural resources, [shall determine the final amount of eligible rehabilitation costs and expenses and] whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. If the completed rehabilitation meets such standards, the department of economic development shall, within forty-five calendar days following the receipt of the taxpayer's application for final approval and tax credit issuance, inform such taxpayer of its initial determination by letter and issue such taxpayer an initial tax credit issuance. A taxpayer receiving an initial tax credit issuance shall receive tax credit certificates in an amount equal the lesser of seventy-five percent of the total amount of tax credits for which the taxpayer is eligible under sections 253.550 to 253.559, as certified in the cost and expense certification, or the amount of tax credits approved for such project under subsection 3 of this section. Within one hundred and fifty calendar days following receipt of a taxpayer's application for final approval and tax credit issuance, the department shall determine the final amount of eligible rehabilitation costs and expenses. For a taxpayer receiving an initial tax credit issuance, no later than one hundred and fifty calendar days following receipt of such taxpayer's application for final approval and tax credit issuance, the department shall notify such taxpayer of its final determination by letter and issue such taxpayer tax credit certificates in an amount equal to the lesser of the remaining amount of tax credits for which such taxpayer is eligible to receive under sections 253.550 to 253.559, as determined by the department, or the remaining amount of tax credits for which such taxpayer was approved under subsection 3 of this section, but not issued under the initial tax credit issuance. If the department of economic development determines that the amount of tax credits issued to a taxpayer in the initial tax credit issuance is in excess of the total amount of tax credits such taxpayer is eligible to receive under sections 253.550 to 253.559, the department shall notify such taxpayer and such taxpayer shall repay the state an amount equal to such excess. For financial institutions credits authorized pursuant to sections 253.550 to [253.561] 253.559 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. [The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates.] The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed. Taxpayers which receive tax credit certificates under sections 253.550 to 253.559, attributable to accrued developer fees shall, within six years of completion of rehabilitation, submit an additional cost and expense certification verifying the total amount of developer fees actually accrued and paid. To the extent the amount of developer fees contained in a taxpayer's cost and expense certification included with such taxpayers application for final approval and tax credit issuance exceeds the amount of developer fees actually accrued and paid, as evidenced by the additional cost and expense certification, such taxpayer shall repay to the state an amount equal to twenty-five percent of such excess.**

8. Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection 3 of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount

provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

9. The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property.

10. (1) Taxpayers or duly authorized representatives may appeal any official decision, including all preliminary or final approvals and denials of approvals, made by the department or the department of natural resources with regard to an application submitted under sections 253.550 to 253.559 to an independent third-party appeals officer designated by the department. Such appeals under this section shall constitute an administrative review of the decision appealed from and shall not be conducted as an adjudicative proceeding.

(2) Appeals shall be submitted to the designated appeals officer in writing within thirty days of receipt by the taxpayer or the taxpayer's duly authorized representative of the decision that is the subject of the appeal, and shall include all information the appellant wishes the appeals officer to consider in deciding the appeal.

(3) Upon receipt of an appeal, the appeals officer shall notify the department or the department of natural resources that an appeal is pending, identify the decision being appealed, and forward a copy of the information submitted by the appellant. The department or the department of natural resources may submit a written response to the appeal.

(4) The appellant shall be entitled to one meeting with the appeals officer to discuss the appeal, but the appeals officer may schedule additional meetings at the officer's discretion. The department or the department of natural resources may appear at all meetings.

(5) The appeals officer shall consider the record of the decision in question, any further written submissions by the appellant and the department or the department of natural resources, and other available information, and shall deliver a written decision to all parties as promptly as circumstances permit.

11. By no later than January 1, 2012, the department shall propose rules to implement the provisions of sections 253.550 to 253.559. Prior to proposing such rules, the department shall conduct a stakeholder process designed to solicit input from interested parties. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated herein shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this act, shall be invalid and void.”; and

TWENTIETH DAY, WEDNESDAY, OCTOBER 19, 2011

The House met pursuant to adjournment.

Representative Cierpiot in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

David encouraged himself in the Lord his God. (1 Samuel 30:6)

Almighty God, Whose spirit is within all of Your creation, Whose love never fails, and Whose presence is with us all our days, make us more aware of You, more responsive to Your call, more obedient to Your will, and more ready to help our fellow men and women.

Grant unto us a greater honesty of purpose, a more generous attitude toward others, and a most genuine faith in You - which will help us live unashamed before You and those who love us. When we are tempted, give us strength to overcome our temptations; when we begin to give way to discouragement, help us to find our encouragement in You; when we fail and would give up, grant us courage to try again.

May the light of truth illumine our way, may the love of life illumine our hearts, and may the life of love illumine our relationships with one another.

And the House says, "Amen!"

The House met pursuant to adjournment.

Speaker Pro Tem Schoeller in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou wilt keep him in perfect peace, whose mind is stayed on Thee: because he trusteth in Thee. (Isaiah 26:3)

O God, our Father, Who is the creator of the world, the sustainer of life everywhere, and the companion of our way - touch our lives with spirit-hand as we come to You in this our morning prayer. COMMITTEE REPORTS

Committee on Rules, Chairman Diehl reporting:

Mr. Speaker: Your Committee on Rules, to which was referred **HR 4672**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE RESOLUTION NO. 4672

WHEREAS, Missouri has an extensive history of supporting our military and strengthening our nation; and

WHEREAS, our military personnel and their families receive peace of mind that they have the F/A-18E/F Super Hornet, which is the most capable, next-generation, multi-role strike fighter in combat today, ensuring their safety, protecting our nation, and securing peace around the world; and

WHEREAS, the F/A-18E/F Super Hornet is the most capable, multi-role strike fighter in production today and will continue to provide air superiority to the United States and its allies for the next generation; and

WHEREAS, over 24,000 retirees and over 15,000 hardworking employees in Missouri contribute to the success of programs like F/A-18E/F; and

WHEREAS, in 2010, \$764 million of materials were purchased from 969 Missouri suppliers for programs such as the F/A-18E/F, further contributing to the sustainability of Missouri jobs and substantial economic impact in Missouri; and

WHEREAS, the United States invested into a multi-year procurement of F/A-18E/F Super Hornet aircraft in 2010, which will continue through 2014 and will save the taxpayers over \$818 million; and

WHEREAS, every F/A-18E/F aircraft has been delivered to our military on time and at cost, providing the only capable and affordable multi-strike fighter today; and

WHEREAS, limiting the production of the F/A-18E/F program would increase costs of the only affordable multi-strike fighter flying in combat today, effectuating adverse economic impact to Missouri:

NOW, THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-sixth General Assembly, hereby urge the United States Congress to recognize the importance of the F/A-18E/F Super Hornet program to the State of Missouri, our military, and our national security, and to support the continued production and full funding of the F/A-18E/F program; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HJR 1**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

JOURNAL OF THE HOUSE

First Extraordinary Session, 96th GENERAL ASSEMBLY

TWENTY-SECOND DAY, THURSDAY, OCTOBER 27, 2011

The House met pursuant to adjournment.

Representative Grisamore in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest. (Joshua 1:9)

O God of all goodness and grace, bless us as we lift our spirits unto You in prayer. Make us increasingly aware of Your presence as in this moment we close our eyes and open our hearts unto You. Help us to meet our experiences this day with a singing faith, a strong courage, and a steadfast love.

When disappointments come, when discouragements would shut us in and threaten to shut us out, when the clouds of distress hover over us, give us strength to launch out into the duties of each day - not understanding all that is happening - but in the midst of it all remaining steady and serene, masters of ourselves and servants of Yours.

Give us such a confidence in Your sustaining grace that no weakness of our own may cause us to lose faith and no shortcoming may make us give way to undue anxiety. In all things, by all ways, through all experiences keep us faithful that our consciences may be clear, our hearts clean, and our spirits confident.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Kennedy, Sydney and Kellen Merrell, children of Kristen Merrell, Missouri's 2011 Teacher of the Year, Lee's Summit R-7, Lee's Summit, Missouri.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kennedy Merrell, Sydney Merrell and Kellen Merrell.
